

RUSHVILLE SET UP AS EXAMPLE

Scenes From Here Are Samples of
The City Where People Trade at
Home and all Prosper.

MOVIE SHOWN FIRST TIME

Views of Business District and W. A.
Alexander's Farm Depicted—
Exhibited at Martinsville.

Rushville is set up as an example
of the ideal city, where money is
spent at home and the people prosper,
in a picture issued by a motion
picture exhibitors company, teach-
ing the evils of trading away from
home, which was shown for the first
time Tuesday at the quarterly meet-
ing of the Indiana Commercial Sec-
retaries association at Martinsville.

The majority of the scenes for the
moving picture were taken at Shel-
byville. It is there that the plot is
enacted, showing the farmer who
purchased a stove at a Chicago mail
order house which was to cost \$32,
but which netted him \$54 before he
had it installed in his home.

Scenes were then depicted reveal-
ing the decadence in cities and
towns where the inhabitants send
their money away from home. It is
also a part of the plot for the son
of the farmer who buys away from
home to woo the daughter of a home
merchant and she replies to his
proposal of matrimony that he get
his father to get him a wife from a
mail order house where his father
buys everything else.

Then are flashed on the screen
moving views of Rushville's business
district. Pictures of Main street
downtown from all possible angles
are shown and that are also close-up
views of the Rushville National Bank
building, the Peoples National Bank,
the I. O. O. F. lodge building, the
court house with the municipal
Christmas tree standing on the lawn
and many other interesting scenes.

In closing, the picture displays
scenes from the very modern home
and farm of Mr. and Mrs. W. A.
Alexander, west of the city. Pic-
tures of the house are shown, and
also views of the improved farm
land, preceded by the explanation
that land of the sort displayed on
the screen is in trade-at-home terri-
tory and will easily sell for \$200 an
acre. In one part of the picture,
Mr. and Mrs. W. A. Alexander are
seen driving up to the porte-cochere
and Mrs. Alexander alights with an
armful of bundles.

MRS. IDA PITMAN EXPIRES

Life of William E. Pitman is Dead
of Tuberculosis Near Pinhook.

Mrs. Ida Pitman, 59 years old,
wife of William E. Pitman, died last
evening at 5:30 o'clock at her home
near Pinhook after a long illness
from tuberculosis. Mrs. Pitman had
been in a critical condition for some
time and her death was not unexpec-
ted.

She is survived by her husband
and three children, Miss Leland,
Ralph and Ernest Pitman. The fun-
eral services will be conducted Fri-
day afternoon at 1:30 o'clock at the
Orange Methodist church by the Rev.
Moody Edwards and burial will take
place in the North cemetery there.

The funeral services of Mrs. Stacy
Johnson will be conducted Thursday
morning at 10:30 o'clock at the late
residence in North Main street and
burial will take place in the East
Hill cemetery at Arlington.

BANDITS ARE TERRORIZED

Withdraw Farther Inland When Ex-
ecuted Mexicans Are Exhibited.

(By United Press.)
El Paso, Texas, Jan. 19.—Car-
ranza's death order has thrown a
chill of terror into the hearts of
Mexican bandits. The public pa-
rade of corpses of bandits to show
the fate of the lawless has driven
the outlaws farther into the moun-
tains today.

BIGGEST MERCURY DROP IN 30 YEARS

Figures Supplied From Government
Weather Bureau at Mauzy
Shows Decline of 63 Degrees.

NEAR THAT RECORD IN 1901

The drop in temperature last Wed-
nesday showed the greatest daily
range in thirty-five years, accord-
ing to figures prepared by Elwood
Kirkwood, of the government weath-
er bureau at Mauzy. At two o'clock
on Wednesday afternoon the temper-
ature was sixty-seven degrees and
the next morning at seven o'clock
the temperature dropped to four de-
grees above zero, showing a range
of sixty-three degrees. The cold
wave was preceded by a rainfall of
2.09 inches.

On December 13 and 14, 1901 the
temperature dropped from 52 de-
grees to 1 below zero or a range of
53 degrees and was preceded by a
rainfall of 2.36 inches, and 3.50 in-
ches of snow. The temperature on
Monday morning as recorded at
Mauzy was five degrees below zero,
which was seventy-two degrees col-
der than last Wednesday.

GRANTS PARTITION OF \$21,000 ESTATE

Judge Sparks Appoints A. M. Hodge
Commissioner For The Dearing-
er, Fixing Bond at \$42,000.

JUDGMENT ON NOTE IS GIVEN

Judge Sparks heard the motion for
an allowance this morning in the di-
vorce suit of Fern Mae Perkins
against Charles Perkins and took
the case under advisement. She was
asking support money pending the
outcome of the divorce suit.

The partition suit of Art W. Dearing-
er against Emily J. Hill, et al., in-
volving the estate of the late William
W. Dearing, was heard and a parti-
tion granted. Alva M. Hodge of
Walker township was appointed
commissioner to make the same of
the real estate involved and his bond
fixed at \$42,000. The real estate in
this estate is worth \$21,000.

The case of Oliver C. Norris
against Karl Enos and M. A. Enos
on a note demanding \$200 was sub-
mitted for trial and the court found
for the plaintiff in the sum of
\$135.76 including an attorney fee of
\$11.22. The suit of William S.
Oneal and Lieu Oneal against Wil-
liam Emsweller, on a note demand-
ing \$1,000, was dismissed by the
plaintiffs and the costs paid.

Mrs. Mary Brown is recovering
from a severe attack of la grippe.

DECLARATION BLANKS HERE

Several Candidates File Intentions to
be Candidate in Primary Soon
After They Arrive

RUSH GETS 12 DELEGATES

According to New Apportionment,
Some Townships Will Have to
Elect Them Jointly

Clerk Taylor received the blanks
for the declaration of candidates
this morning and already several
candidates have filed their state-
ments, thus becoming a real-for-sure
candidate under the new primary
laws. With the receipt of the blanks
the candidates are expected to make
a run on the clerk's office as it is
necessary in order to get the names
on the primary ballot to file this
statement. The candidates have
until February 5 to file the declara-
tions.

Fon Riggs, Republican county
chairman, has appointed Verne Nor-
ris as the Republican member of the
primary election commissioners. The
Democratic organization has not yet
named their man, but it is expected
to be Howard E. Barrett. These two
appointees will act with Clerk Tay-
lor, who is a member of the board
ex officio.

The primary election board will
meet shortly to apportion the dele-
gates to the state convention. Under
the primary law the political parties
are entitled to one delegate to the
state convention based on every 200
votes cast for United States senator
last year. This decision regarding
what vote should be used in apportion-
ing the delegates was made yester-
day in the report of the committee
appointed by Governor Ralston to
interpret the primary law.

Under this ruling Rush county will
be entitled to twelve delegates to the
state convention. The county will
be reapportioned and it will be no
small task as some of the townships
will not be entitled to a separate
delegate. The law states that the
state convention of the parties shall
consist of delegates upon the basis
of one delegate for each 200 votes
cast and one delegate for each frac-
tion of 100 or more votes in every
county in the state, to be apportioned
among the precincts, wards and
townships of such county by the
board of primary election commis-
sioners of such county as equitable
as possible, and so as to give the
voters of each precinct of such
county representation.

By this it is seen that if the coun-
ty is apportioned according to the
law one or two townships in Rush
county are going to get a joint-de-
legate to the state convention. Two
years ago Rush county had four-
teen delegates. It has always been
customary to give each township
one delegate, but under the primary
law there are doubts as to whether
this can be done.

PECULIAR FACTS ABOUT WELL KNOWN PEOPLE

Oakland, Cal., Jan. 19.—Col-
onel John P. Irish, who has
been a naval officer at the Port
of San Francisco under both
Democratic and Republican ad-
ministrations, and who recent-
ly again became prominent
through his denunciation in
New York of Dr. Anna Shaw,
never wears a necktie. Irish
was appointed by Cleveland
Neckties, he says, are useless.

Miss Nancy Hogsett, who was op-
erated on this morning for appendi-
citis, is reported to be doing nicely.

OLD SYSTEM MAY BE ABOLISHED

Third Paid Fireman Will be Employ-
ed, Indicating That Volunteer Plan
Probably Will be Discontinued.

ORDINANCE TO BE PREPARED

Engineer's Plans and Specifications
For Paving First Street to Big
Four Are Adopted.

Fire Chief Easley appeared be-
fore the council last night and again
asked that a third man be employed
regularly on the department. The
council granted his request and in-
structed the attorney for the city to
revise the ordinance so as to em-
ploy a third man. This action was
taken about a year ago but for some
unknown reason was never carried
out. The present city attorney prom-
ised to have the ordinance ready by
the next meeting.

A third man for the fire depart-
ment has been advocated for some
time and at this time of the year the
department is seriously handicapped
by the lack of men. It is likely that
this step will mean the abolishment
of the old volunteer system. Under
the proposed plan the department
will likely be composed of five men.
Three men will be stationed at the
fire department and with Chief Eas-
ley and the engineer for the fire en-
gine, it is believed that this force can
take care of any that might take
place.

The engineer's plans and speci-
fications for the paving of First
street, from Main street west to the
Big Four railway, were adopted and
the resolution calling for the im-
provement was passed. The plans
cover four different kinds of paving
material. The material to be used
will be decided later, but as brick is
cheapest it is likely that the street
will be paved with this. The esti-
mated cost of paving with brick is
\$21,953; with granite block, \$28,-
477; creasote block, 28,871 and
sheet asphalt, \$24,423. It is planned
to put this improvement through so
as to start work in the spring.

The snow ordinance providing for
the clearing of all sidewalks of snow
within twenty-four hours was passed
on second reading. The vote was the
same as on first reading, 3 to 2.
Councilmen Lee and Flint still op-
posed the ordinance. The ordinance
will come up for third reading at the
next meeting. By taking the longer
course and not suspending the rules
it is requiring several weeks to pass
this law. Councilmen Mauzy, Scud-
der and Wagoner favor the ordi-
nance.

The coal question was again dis-
cussed. Some trouble from the min-
ers is expected about the first of
April and the council is figuring on
laying in a sufficient supply to tide
over in case of a strike. No definite
action was taken last night but the
superintendent of the water and
light plant and the water committee
will keep in close touch with the
affairs of the miners and if a strike
comes Rushville will not be without
a supply of fuel.

An ordinance was passed appro-
priating \$27.47 from the general
fund to reimburse a street fund in
West Third street.

Beginning Feb. 1 the night police
force will see that the street lights
are lighted. This has been done in
the past by the merchant policeman
but with a third man on the regular
force the council believed that this
extra expense was uncalled for and
instructed the clerk to notify Ray
Lakin that he need not turn on the
lights after Jan. 31.

Born to the wife of Herman Jones,
this morning, a boy.

NEGOTIATIONS BROKEN OFF

Austria and Montenegro Will Not
Settle on Terms, is Report.

(By United Press.)
London, Jan. 19.—Peace negoti-
ations between Austria and Montene-
gro have been broken off, according
to an unconfirmed wireless report
from Rome today. The dispatch
said that reports of the surrender of
the Montenegrin army were "pre-
mature."

MILROY WITHOUT ELECTRIC LIGHTS

Witters Electric Company Disposes
of Equipment and Town Seeks
Current Here.

CONNERSVILLE ALSO BIDDER

Milroy is without electric lights
either for street or domestic use and
this condition will exist until about
April 1, at which time it is hoped to
secure the "juice" from this city or
Connerville. The Witters Electrical
company, which has been supplying
the town with electricity, has dispo-
sed of its engine and is unable to con-
tinue in the business.

Negotiations are under way with
the traction company here to extend
a line to Milroy and at the same time
a Connerville company is also af-
ter the contract, desiring to supply
Andersonville on the line to Milroy.
The business men of Milroy held a
meeting this afternoon at the bank
there and it was stated that this was
one of the questions discussed. Charles
Witter recently disposed of his in-
terest in the company to Nich-
olas Gloschen of Oldenburg. Milroy
has been without electric lights for
the past two days.

FALLS FROM WAGON ON SHINGLE PILE

Harvey Cohee is Seriously, Perhaps
Fatally, Injured in Accident at
Lumber Yard Today.

UNCONSCIOUS FOR AN HOUR

Harvey Cohee, employed at Pin-
nell-Tompkins Lumber Co., was seri-
ously hurt this morning when in
stepping from a wagon to a pile of
bundled shingles his foot slipped and
he fell, landing on his abdomen on
the sharp edge of the shingles.

Cohee was rendered unconscious
and for a time it was believed he
was fatally hurt. He was removed
to his home by Dr. E. I. Wooden and
recovered his senses in about an
hour. He was badly bruised about
the stomach and may be injured in-
ternally. After falling against the
shingles Cohee fell to the ground, the
second fall being almost as bad as
the first. While his condition is not
considered critical, the exact extent
of his injuries will not be known for
a few days.

PLOT TO KILL EMPEROR.

(By United Press.)
Peking, Jan. 19.—Numerous ar-
rests were made here today in a plot
to blow up Yuan Shi Kai, who re-
cently accepted the Chinese throne.
Explosives were discovered in the
emperor's palace.

E. W. Ball, is confined to his home
with la grippe.

CENTENNIAL TO BE GIVEN BOOST

Indiana Commercial Secretaries
Resolution Calls For Banquet
on February 22.

CELEBRATE STATE'S BIRTH

T. A. Coleman, Formerly of This
City, One of Speakers at Meet-
ing in Martinsville.

The adoption of a resolution call-
ing on all commercial clubs, chamber
of commerce and other organizations
in Indiana having as their aim the
betterment of their community to
celebrate the hundredth anniversary
of the birth of the state of Indiana
with a centennial banquet was prob-
ably the most important action
taken Tuesday at the meeting in
Martinsville of the Indiana Commer-
cial Secretaries association, which
was attended by R. E. Harrold, sec-
retary of the Rush County Chamber
of Commerce.

The text of the resolution sug-
gested that the commercial associa-
tion of the state get behind the cen-
tennial movement by lending it sup-
port in this manner. A. W. Mc-
Keand, who proposed the resolution,
said that the commercial organiza-
tions could not bring the centennial
to the forefront in the minds of
Hoosiers by any better method than
the one suggested. It is likely the
suggestion will be considered by the
local organization.

Mr. McKeand said the same idea
had been tried elsewhere to boost
other schemes. Mr. McKeand, who
is at the head of the McKeand Ser-
vice company of Indianapolis, has
spent his life in this sort of work
and has had a wealth of experience.
He related Tuesday to the clerks of
the story of a Georgia products day
which was observed in Georgia sev-
eral years ago and the success it
achieved by developing the banquet
idea.

It will also be recalled that it was
the McKeand Service company was
in charge of the Indiana Retail Mer-
chants association campaign when the
"trade-at-home" celebration was
carried on throughout the state last
winter. On that occasion only In-
diana-made products were served at
the banquets and the toasts all re-
lated to trading at home. The Rush
County Chamber of Commerce held
such a dinner and it was well pat-
ronized. It is a part of the plan to
have only Indiana-made goods at the
proposed centennial banquet.

The secretaries yesterday heard
papers read by secretaries from var-
ious parts of the state, dealing with
the commercial secretary's work.
Probably most important of these
was the one by Albert V. Weigel,
secretary of the Lafayette Chamber
of Commerce, who took a healthy
swat at factories which are seek-
ing bonuses to locate. There were

The "I Have It" Store

The man who keeps the "I
HAVE IT" store always has
his ear to the ground.

He tries to know in advanc-
what the public is going to want

He listens to salesmen and he
watches his home newspaper.

When he sees a product ad-
vertised in his newspaper he
knows people will want that.

He puts the newspaper adver-
tised goods in his window and
says to all who pass by "I
HAVE IT," come in."

And people come.

WHAT'S THE USE ?

What's the use of advertising that we have the purest drugs? You know this—your doctor knows it—everybody knows no modern, honest conscientious druggist would buy less than the best drugs in the first place. ¶ What's the use in advertising that we deliver promptly. Try us once—any order, large or small—and see how quickly and willing we deliver your goods. ¶ As an up-to-date, modern, complete drug store, we could advertise in a more convincing way than half the drug stores of the state, but what's the use. Why not test us, test our quality, our methods, our service and know the satisfaction so many others enjoy. We're here, ready to serve, ready to give you the most personal attention, so that you will entertain friendliness for us and come again freely. No drug store in the country can or will serve you more to your satisfaction than we.

HORSE VALUES ARE LESSENED

Report Compiled by Bureau of Crop Estimates Average Price Declined Ten Dollars in Year.

THE SAME IS TRUE OF MULES

Average on Cows, However, Reveals Value is Increased—Sheep Also Are Worth More.

(Special to the Daily Republican.)

Washington, January 19.—A summary of estimates of number and value of live stock on farms and ranges on January 1 for Indiana and for the United States, compiled by the Bureau of Crop Estimates (and transmitted through the Weather Bureau), U. S. Department of Agriculture, is as follows:

HORSES.

State: Number, 854,000, compared with 854,000 a year ago and 830,000 five years ago. Value per head, \$104, compared with \$114 a year ago and \$128 five years ago.

United States: Number, 21,200,000, compared with 21,195,000 a year ago and 20,277,000 five years ago. Value per head, \$101.60, compared with \$103.33 a year ago and \$111.46 five years ago.

MULES.

State: Number, 95,000, compared with 86,000 a year ago and 84,000 five years ago. Value per head, \$111, compared with \$117 a year ago and \$130 five years ago.

United States: Number, 4,560,000, compared with 4,479,000 a year ago and 4,323,000 five years ago. Value per head, \$113.87, compared with \$112.36 a year ago and \$125.92 five years ago.

MILCH COWS.

State: Number, 672,000, compared with 646,000 a year ago and 640,000 five years ago. Value per head, \$54.50, compared with \$55 a year ago and \$44.50 five years ago.

United States: Number, 22,000,000, compared with 21,262,000 a year ago and 20,823,000 five years ago. Value per head, \$53.90, compared with \$55.33 a year ago and \$39.97 five years ago.

OTHER CATTLE.

State: Number, 728,000, compared with 693,000 a year ago and 744,000 five years ago. Value per head, \$36.80, compared with \$35.20 a year ago and \$25.70 five years ago.

United States: Number, 39,500,000, compared with 37,067,000 a year ago and 39,679,000 five years ago. Value per head, \$33.49, compared with \$33.38 a year ago and \$20.54 five years ago.

SHEEP.

State: Number, 1,060,000, compared with 1,114,000 a year ago and 1,444,000 five years ago. Value per head, \$6.10, compared with \$5.40 a year ago and \$5.09 five years ago.

United States: Number, 49,200,000, compared with 49,956,000 a year ago and 53,633,000 five years ago. Value per head, \$5.17, compared with \$4.50 a year ago and \$3.91 five years ago.

SWINE.

State: Number, 4,170,000, compared with 4,167,000 a year ago and 4,156,000 five years ago. Value per head, \$8.50, compared with \$10.30 a year ago and \$9.30 five years ago.

United States: Number, 68,000,000, compared with 64,618,000 a year ago and 65,020,000 five years ago.

Raymond Cough Syrup and Anti-Grip Tablets

In using a Cough Syrup or a Grip Tablet you want the best the market can produce. If you are troubled with a Cough or Grip, don't tamper with it.

It's dangerous.

Raymond Cough Syrup & Grip Tablets will relieve any case in 24 hours, and that is a very short time considering the seriousness of the disease.

Lunch will be served by the Lookout Society of the New Salem Church. JOE PIKE, Auctioneer. JOHN HEEB, Clerk.

Taeat Catarrh By Nature's Method

Every Breath of Hyomei Carries Healing Medicated Air to the Infected Membrane.

Nearly every one who has catarrh knows how foolish it is to try and cure it with sprays, lotions, and the like. Temporary relief may be given, but a cure seldom comes.

Until recently your physician would probably have said the only way to help catarrh would be to have a change of climate; but now with a simple preparation called Hyomei you can carry a health-giving climate in your vest pocket and by breathing it a few minutes four times a day successfully treat yourself.

The complete Hyomei outfit is inexpensive and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a life time, and if one bottle does not give permanent relief, an extra bottle of Hyomei can be obtained at any time for a trifling sum. It is more economical than all remedies advertised for the cure of catarrh, and is the only treatment known to us that follows nature in her method of treating disease of the respiratory organs.

Johnson's Drug Store has sold a great many Hyomei outfits, the more they sell, the more convinced they are that they are perfectly safe in guaranteeing to refund the money if Hyomei does not relieve.

bill tonight, combining "The Rogue Syndicate," and "Sis" with the regular weekly chapter of "Neal of the Navy." The title of this week's episode is "The Dreadful Pit" and it is a thrill from the first turn of the reel to the last. Marguerite Cortot is starred in "The Rogue Syndicate," a one-act drama and Arline Pretty has the feature part in the sparkling comedy, "Sis." Thursday the showing will be James Morrison and Muriel Ostriche in a college story, "For the Honor of the Crew."

A more artistic and dramatic photoplay could hardly be imagined than the production of "The Rosary," which will be the bill Friday matinee and night.

School Notes

(By J. H. Scholl.)

The second semester will begin Monday, January 24. Children who are six years old by Jan. 24 may enter school. Children who will not be six years old may wait to begin next September. Compulsory age does not begin until children are seven years of age. Children who are well developed, in good health, and six years old have a good opportunity to begin at this time.

Examinations are being held this week. All pupils will be dismissed for Friday forenoon. Each pupil should be present Friday at 1:15 o'clock to receive his credits and to be assigned work for the new term. Classes in "B" grades will have very few new supplies to buy as these classes are advanced to the "A" grade of the same year of school work.

Pupils who have withdrawn for any reason are urged to return to their work next Monday. The opportunity to secure an education should not be lost for trivial reasons. Each year's work in school will add not only more knowledge, but far better there will be developed an added intelligence and ability which is valuable either in itself or in the steps leading to higher work.

The night school conducted by E. W. Barrington should be patronized by those desiring a business course. The work given is equal to the best business colleges. The cost to local students is very low compared to the expense incurred when it is necessary to leave home and live in another city. Persons taking up book-keeping now can secure a valuable knowledge of the subject during the remainder of the term. The school meets on Monday, Wednesday, and Thursday evenings at 7:00 o'clock. Those interested should make arrangements for entrance this week so as to get full benefits.

The Junior high school has made a splendid beginning this term. The work has been planned according to the best ideas extant about this new arrangement in school courses. A few changes will be made in the arrangement for the new term. The State Board of Education has authorized a questionnaire about such schools with a view to giving all schools the benefit of the investigation.

The basket ball team of the high school will go to Richmond Friday night to play the Richmond high school team. The team has displayed splendid ability which reflects credit alike to themselves and their efficient coach, R. W. Burns.

The school will co-operate with the Farmers' Short Course which will be held next week. Boys who expect to be farmers should take advantage of this excellent course. The school will assist in the entertainments to be given.

ALLIED WAR COUNCIL MEETS

German Report Regarding Greek Ultimatum is Discredited.

(By United Press.)

London, Jan. 19.—The allied war council met here today with the air full of rumors of important developments in the Balkans.

Before the conference began the foreign office issued a statement discrediting the German report that the allies have delivered a 48-hour ultimatum to Greece. It was stated that German reports of new developments in Greece are "believed to be untrue."

Smoke FAIR PROMISE 5c Cigars

W. George E. Beattie, will speak at the regular prayer meeting at the First Presbyterian church, which will be held tonight at 7:30 o'clock instead of Thursday night. All who can attend are urged to be present.

**Carefully Treat
Children's Colds**

Neglect of children's colds often lays the foundation of serious lung trouble. On the other hand, it is harmful to continually dose delicate little stomachs with internal medicines or to keep the children always indoors.

Plenty of fresh air in the bedroom and a good application of Vick's "Vap-O-Rub" Salve over the throat and chest at the first sign of trouble, will keep the little chaps free from colds without injuring their digestions. 25c, 50c, or \$1.00.

FAIR EXCHANGE

A New Back For an Old One—How a Rushville Resident Made a Band Back Strong.

The back aches at times with a dull indescribable feeling, making you weary and restless; piercing pains shoot across the region of the kidneys, and again the loins are so lame that stoop is agony. No use to rub or apply a plaster to the back if the kidneys are weak. You cannot reach the cause. Follow the example of this Rushville citizen.

Charley Walker, 1023 North Arthur street, Rushville, says: "I work where a lot of turpentine is used and it keeps my kidneys out of order more or less all the time. My back gives me the most trouble. It aches and is lame and stiff. The kidney secretions are too frequent in passage and highly colored. Not long ago, I decided to try Doan's Kidney Pills and got a box at Fox Bros.' drug store. They surely helped me, considerably relieved the trouble. I have a lot of faith in Doan's Kidney Pills and expect to continue their use."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Walker had. Foster-Milburn Co., Props., Buffalo, N. Y. (Advertisement.)

Lack of Representation.

The New York World, Democratic, is hurling epithets at the Republican National Committee because the new apportionment of delegates will give a smaller representation to Southern states, which never help elect a Republican candidate. The particular complaint of the World is that the decrease in representation will be in states that send colored delegates. If the World is so solicitous for the welfare of the colored delegates, it can find plenty of room for agitation within the Democratic party. The last Republican National Convention contained 55 colored delegates. The Democratic convention contained none, except that a colored alternate from Colorado was seated on the third day of the convention when his

OLD-TIME COLD CURE—
DRINK HOT TEA!

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM
STIFF, ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Oil

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia. Limber up! Get a 25 cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

principal became ill. Now let the World and all other Democrats shout themselves hoarse over lack of representation for the colored voters.

The lowest duty rate recorded by the Underwood law since its enactment was the lemon handed to Uncle Sam by that tariff law the week ended December 25th, 1915. On imports totalling 30,799,642, there was paid into the February Treasury revenue in the sum of \$2,685,866, or an average rate of duty on imports entered at the 13 principal customs districts of the United States of 8.7 per cent for the week. Secretary McAdoo must have indulged in a little lurid language when he found that measly contribution to the public revenues in the Treasury's Christmas stocking. No wonder he wants to tax gasoline, horsepower, and "various other things," to quote from his annual report. Imports are coming in as never before, but they are coming in for the most free of duty.

Dr. Herman James of the University of Texas suggests that our government should be managed by college professors. Great Scott, man isn't that the kind of a government we have now, and aren't we just waiting for the day to get rid of it?

The Progressive platform—should there be such a document—will contain, according to George W. Perkins, a strong demand for preparedness. Does this mean that Mr. Perkins expects Wilson and his Congress to do nothing on this subject?

Twice as many bills have thus far been introduced in this Congress as compared with the last. What Democratic Congressmen lack in the quality of their legislation they propose to make up in quantity.

In one respect Republicans are in accord with all the European belligerents. They look for sweeping victories in 1916.

Many a rising son will go into eclipse after the June conventions. Nineteen sixteen is jogging along.

HOOSIER HISTORY

(Prepared for the United Press by the Centennial Department of the Indiana Historical Commission.)

McDonald and Kerr Oppose Uprising

Two prominent Democrats, Joseph E. McDonald and Congressman Michael C. Kerr, learned of the plot and determined to stop it. Kerr went up to Indianapolis from New Albany with the information that "The Devil is to pay in our section." A star chamber session of leading Democrats was held in McDonald's office. Kerr declared treasonable scheme must be stopped, even if the authorities had to be informed. While two maintained that "The government could not be restored without a forcible revolution," all finally agreed that the plot must be suppressed.

PROFESSOR BUYS
LIVE BED BUGS

Quoted on Open Market at Ten Cents

a Hundred—Wants to Experiment With Them

THINKS THEY CARRY DISEASE

Found Them Hard to Obtain And

Resorted to Advertising to Get a Good Supply

(By United Press.)

Columbus, O., Jan. 19.—If anyone happens to have a hundred live bed bugs handy and is willing to admit, Professor P. B. Wiltberger of the Ohio State University will pay a dime for them. Prof. Wiltberger believes they transmit trouble much as the southern mosquito was shown to have transmitted the yellow fever. The existence of this new market was disclosed to fond Columbus fathers and mothers recently when they heard their little boys talk of taking advantage of it.

Others saw the professor's ad in the local papers: "WANTED—Live bed bugs for experimental purposes. Will pay ten cents a hundred. Bring to Ohio State University—P. B. Wiltberger." Prof. Wiltberger's interest in the wingless, hemipterous insect familiar to him as a cimex lectularius, was occasioned, he said today, by the "peculiar ferocity of those found in certain hostilities." Some idea of the sort of nights the professor passed in these places may be gotten from his statement that "while giving a series of lectures in an eastern state" his trips brought him "into such close contact with the pests," that he decided "their mission in life is worse than commonly supposed." The professor said that such things are scarce in Columbus.

When he decided to study the bug, the professor went from door to door asking strangers to search and see if they had any. He says they not only considered him a worse bug than the variety he sought, but "evinced pronounced hostility at my suggestion that there might be some in the house." In despair at last the professor went peering through all the vacant houses he could find. The net catch of this hunt was only three live, adult gentlemen bugs. So now he's advertising. He wants to give the bug its place in medicine. He has quite a family of young and old gentlemen in minute glass houses now, but he wants some more, preferably not gentlemen. He says however, that he finds the gentleman reasonably content so long as he keeps them supplied with a sumptuous repast of guinea pig whiskers. The professor runs the barber shop too, keeping his customers in little pens, busily engaged in growing square meals.

"I DON'T SUFFER
ANY MORE"

"Feel Like a New Person,"
says Mrs. Hamilton.

New Castle, Ind.—"From the time I was eleven years old until I was seventeen I suffered each month so I had to be in bed. I had headache, backache and such pains I would cramp double every month. I did not know what it was to be easy a minute. My health was all run down and the doctors did not do me any good. A neighbor told my mother about Lydia E. Pinkham's Vegetable Compound and I took it, and now I feel like a new person. I don't suffer any more and I am regular every month."—Mrs. HAZEL HAMILTON, 822 South 15th St.

When a remedy has lived for forty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their health to it, is it not reasonable to believe that it is an article of great merit?

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Treat Coughs and Colds At Once

Dangerous Bronchial and Lung Ailments
Often Follow Neglected Colds.

Dr. King's New Discovery
Instantly Relieves and
Breaks Up the most
Stubborn and
Hard Colds.

We catch cold because our system has become weakened and finds itself unable to throw off the cold germs. Nature in some cases will effect a cure; but generally, without aid we get worse. How much wiser to help nature fight and expel these cold germs! For

this purpose there is no better remedy than Dr. King's New Discovery. It is composed of Pine Tar mixed with laxatives and healing balsams. It is antiseptic. The instant Dr. King's New Discovery comes in contact with the germs, they die or leave. Your cough lessens, the irritation is soothed, and you begin to get better at once. Don't take the risk of serious sickness. Take Dr. King's New Discovery. In use over 45 years and guaranteed all the time. All druggists.

The Champion Stove Co. — Cleveland, Ohio
ON EXHIBITION AT OUR STORE

GUNN HAYDON

THIS FITS YOU

Most people are good to their stomachs when they are able to get Groceries that "make good."

Most people would like to be better to their stomachs if it were possible to improve the quality of their Groceries without paying exorbitant prices.

Most people often wonder if there is a store that could please them more than the one at which they are trading.

Most people at times think that if they could find such a store they would give it a trial.

But many of them never find that store simply because they never get to the point of actually looking for it.

THIS IS THE STORE

such people are looking for. Some found it years ago and are still trading here. Others are finding it day by day and are themselves becoming steady customers of this store.

It is Your Turn Next

if you want to tone up that troublesome stomach by feeding it groceries that agree with it. Just walk right through our door and you will be in the store you are looking for.

Prince Albert is such friendly tobacco

that it just makes a man sorry he didn't get wind of this pipe and cigarette smoke long, long ago. He counts it lost time, quick as the goodness of Prince Albert gets firm set in his life! The patented process fixes that—and cuts out bite and parch!

Get on the right-smoke-track soon as you know how! Understand yourself how much you'll like

PRINCE ALBERT

the national joy smoke

It stands to reason, doesn't it, that if men all over the nation, all over the world, prefer P. A. that it must have all the qualities to satisfy your fondest desires?

Men, get us right on Prince Albert! We tell you this tobacco will prove better than you can figure out, it's so chummy and fragrant and inviting all the time. Can't cost you more than 5c or 10c to get your bearings!

Watch your step! It's easy to change the shape and color of unsalable brands to imitate the Prince Albert tidy red tin, but it is impossible to imitate the flavor of Prince Albert tobacco! The patented process protects that!

Buy Prince Albert everywhere tobacco is sold—in tippy red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors—and in that classy crystal-glass pound humidor with sponge-moistener top that keeps the tobacco in such great trim!

CLOSE GAME WON BY SHELBYVILLE

Local Independents Drop Exciting Contest by Score of 30 to 32—Tied in First Half.

MANY SENSATIONAL PLAYS

The Shelbyville Independents defeated the Rushville team last night in a well played game at the Graham Annex gym by a score of 32 to 30. The game was one of the hardest fought played here in several years. The teams were evenly matched and the contest was decided in the last minute of play. The first half ended 15 to 15 and the score in the last period was close throughout.

Many sensational baskets were made and the crowd was kept on edge continually because of the fast playing and close score. The lineup and summary:

Shelbyville (32)	Rushville (30)
Winsley	Position
Havens	Forward
Blakeley	Forward
Farley	Center
Keith	Guard
	Guard

Field goals—Gunning (2), Bebout (4), Henley (3), Petry (2), Carroll (2), Winsley (2), Havens (6), Blakeley (6), Farley (1).

Four goals—Havens (1) Farley (1), Bebout (3), Henley (1).

Feeble Aged Woman

Says Vinol Made Her Strong.

Grand Saline, Texas.—"I am an aged woman and for a long time was weak and feeble but Vinol restored my health and strength so that I feel almost young again and am doing all my housework. Old people who are weak and feeble should try Vinol and know its merits as I do. It is the best medicine to create strength and for chronic colds I have ever taken."—Mrs. Fannie E. Rodgers.

Vinol, our delicious cod liver and iron tonic, is sold on our guarantee to benefit or your money will be returned. F. B. Johnson & Co. Drug-gists, Rushville, Ind.

ELWOOD IS VOTING TODAY

Wet And Dry Election Holds Interest of People

(By United Press.)

Elwood, Jan. 19.—Following a whirlwind finish of speeches, house-to-house canvassing and street argument, Elwood went to the polls today to decide whether to retain its thirteen saloons. Elwood recently experienced a big revival and the "drys" were counting on the effect of this to cut down the lead formerly enjoyed by the "wets." Organization meetings have been held nightly by both sides and both were confident of victory today.

FREIGHT EMBARGO HURTS BEDFORD

Stone Industries Unable to Get Shipments Through to New York at This Time

FAVOR MERCHANT MARINE

(By United Press.)

Bedford, Jan. 19.—If a poll were taken today among the Bedford people dependant upon the stone industry it probably would find them nearly unanimous for a merchant marine. Because of the scarcity of ships, freight for the great New York terminals cannot be handled. The result is an embargo on freight is in effect and perishable freight only can get through.

Several of the local mills have been effected by the embargo. One mill, having a big job in New York, is unable to ship stone and has shortened the hours of labor.

GARY SCHOOLS ARE NOT FOR DISPLAY

Minneapolis Teacher Turned Down When She Went on Inspection Tour

NOT FAVORED BY PROF. WIRT

(By United Press.)

Gary, Jan. 19.—The famous Gary schools are not here for display but to instruct the young idea. Recently when a Minneapolis school ma'am came here on a trip of inspection she was forced to return home without having seen anything but the corridors.

"Mr. Wirt said they were not running the Gary schools for the instruction of Minneapolis school teachers. He would not allow me to visit them even though he knew I was given permission by Dr. Spaulding to go to Gary," the young woman reported.

TODAY'S ODDEST STORY

Albany, N. Y., Jan. 18.—"Give the horse his share of the road and a chance to live and prosper." The New York State Association of Horsemen addressed this petition to the 1916 legislature here today. The object of the new organization is the preservation of Old Dobbins and the increase of the horse breeding industry. The legislature is asked to reserve a part of all state roads and highways exclusively for horse-drawn vehicles. The great numbers of autos are keeping the trotter and pacer in the stable for safety first reasons, horsemen declare. Statistics give an automobile to every 41 persons in the state.

WAR ODDITIES

London, Jan. 4.—The Prince of Wales has worn out five uniforms since he went to the front in November, 1915.

WRECKERS HAVE STARTED WORK

Beauties of San Francisco Will Soon be a Heap of Plaster, Timbers and Memories.

EXHIBITS ARE BEING MOVED

Desolation Lays Deep on the Zone as All is Stilled—One Loan Barker at Work.

(By United Press.)

San Francisco, Jan. 19.—The wreckers' ruthless hands are upon the Exposition. Soon its beauties will be a heap of plaster, timber—and memories.

Today a grunting engine wheezed its way through the grounds where once joyful throngs congregated. It backed its string of freight cars into palaces and dragged out the last of the exhibits and furnishings. It poured its smoke over the Tower of Jewels and upon beautiful, snowy statues. Throughout the grounds the doleful sound of hammers and picks, of ripping lumber and rattling plaster were heard. Sharp bargainers directed the destruction of their prizes, the state buildings and other edifices, costing thousands to build, but sold for a trifle.

A lone barker tried to sell post-exposition visitors souvenir coins. A wheel chair bearing a couple of old ladies creaked through what is left of the once gem city.

High over the wondrously beautiful Court of the Universe and Court of Abundance, circled lazy sea gulls from off the bay. Around the buildings a flock of frightened doves rose as now and then the tread of a visitor startled their calm. Empty fountains rusted. The palaces, some of them, still stood. But they showed signs of decrepitude: the plaster walls were chipped; the brilliant banners dropped and faded in the winter rains.

Sidewalks were littered with rubbish. Amid the ruins in the gardens blossomed a few garaniums. The other flowers were dead. All about was an air of desolation. A few grimy workmen replaced the thousands of sightseers who for months filled the grounds.

The romance of moonlight nights along the bay, fragrant with soft breezes, touched with orange blossoms, was replaced by the grim of decay, ruin, lonesomeness. A chill wind blew from the hills; clouds filled the sky with gloom.

On the Joy Zone—that noisy, rollicking Zone—desolation lay deep. Stella—wonderously beautiful Stella—was gone. Just a ragged sign marked her erstwhile abiding place. The giant dummy figures outside of Toyland, reared their heads lonesome monsters wondering where their crowds had vanished to. The house of The Girl in Blue was boarded up. The Pool of the Diving Girls is in ruins. Strange silence rests upon the once clattering coasters. It is indeed a forsaken city.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

Society and Club News

Edited by MISS FRANCES FRAZEE

Any items concerning your clubs, church organizations, entertainments, your friends or yourself, which you may send in, will be appreciated by the editor and readers of this column. Either mail or phone them to 1111, 3 rings, as soon as possible after their occurrence.

Mrs. A. L. Riggs will entertain the members of the Grand Club at her home in North Perkins street tomorrow afternoon.

The Auction Bridge Club, which was to have met with Mrs. Francis Moor, tomorrow, has been postponed on account of illness.

D. A. R. MEETING
An important meeting of the D. A. R. will be held tomorrow afternoon at the home of Mrs. Horatio Havens at 421 North Harrison street. The hostess will be assisted by Mrs. J. D. Case, Mrs. Theodore Friend, Mrs. A. L. Gary, Miss Laura Meredith, and Mrs. C. H. Gilbert.

U. P. AID SOCIETY.
One of the most delightful meetings of the year for the Ladies Aid Society of the United Presbyterian, was the one held at the home of Mrs. J. T. Paxton yesterday afternoon. Although no especially important business was brought up for discussion, with the needlework and social conversation, the afternoon passed quickly. The dainty and unusual refreshments served at the close of the afternoon were very much enjoyed.

PHI DELTA KAPPA.
The local chapter of Phi Delta Kappa is planning and working hard to make plans materialize for the dance to be given in their hall tomorrow evening. Music will be furnished by the Twin City Orchestra, a joint organization from Indianapolis and Connersville. A number of out-of-town guests have signified their intention of attending the dance. Among them will be persons from Knightstown, Shelbyville, and Connersville. The invitations have been issued and a large attendance is expected and desired.

METHODIST AID SOCIETY
A pleasant and interesting meeting of the Ladies Aid Society of the Methodist church was held at the home of Mrs. R. G. Budd yesterday afternoon, with Mrs. R. G. Budd, Mrs. Ed Pitman and Mrs. Clara Ruddell as hostesses. In the pleasant social afternoon was included a short business session in which the second section of the society made plans to hold a Penny Supper in the near future. The refreshments of angel-food cake, covered with whipped cream, were dainty and greatly enjoyed by the guests.

C. W. B. M.
The pretty home of Mrs. Linnea Hayes near Plum Creek was made especially attractive Wednesday afternoon when she entertained the members of the Plum Creek Missionary Society. With Mrs. George Kemmer as leader, an interesting program was carried out. An important business session followed this,

in which a number of new motions were brought before the society. Dainty refreshments were served by the hostess at the close of the pleasant afternoon. The next meeting will be held with Mrs. George Kemmer.

BIBLE CLASS ENTERTAINS.
The ladies of the Baptist church were the guests of honor at the party given at the church last evening by the Men's Bible class of that church. The social hours enjoyed were made interesting by the helpful program given. John Q. Thomas, one of the teachers of the class made the principal talk of the evening. Beautiful music was furnished by several of the ladies present. The happy affair was brought to a close with the dainty refreshments served by the hosts, to whom thanks were due for the royal entertainment.

RED MEN
A good program and pleasant time were anticipated by the local Red Men, who attended the district meeting in Knightstown today. Members from the orders from Henry, Hancock, Shelby, Marion, and Rush counties attended and took part in the program. Among those from this city who attended were Miles Cox, Vern Moore, Sylvester Kirkpatrick, George Osborne and Walter Smith. Frank McConaha, the Great Sachem of the district, from Franklin, and Arch H. H. Older, of Indianapolis, the Great Keeper of Records, visited here this morning and accompanied the local men to the meeting.

INFORMAL PARTY.
The beautiful home of Dr and Mrs. Osborn of Glenwood was the scene for a merry crowd last evening, when they entertained several of their friends at a delightfully informal and pleasant party. The evening, spent socially, was made more pleasant with the several musical numbers which interspersed the lively chat. Near the close of the evening, the guests were invited into the dining room, made especially attractive by the dainty pink and white color scheme used. In the center of the table, pink and white carnations, arranged generously with fern leaves, were in a beautiful vase. Dainty refreshments were served in these pleasant surroundings. About seven couples were present to enjoy the hospitality of Dr. and Mrs. Osborn.

PYTHIAN SISTERS.
Although with each succeeding Penny Supper, the menu grows more elaborate and more bountiful, last night the climax was reached when the Pythian sisters, were the hostesses. This popular money-making scheme has taken Rushville by storm, for as was the case last evening, each guest who has partaken of the tempting repast, feels that he has turned the tables on the servers and received by far the best end of the bargain.

After two hundred people had enjoyed the supper, the dance floor was immediately cleared, and with music furnished by Miss Beatrice Mack, the dance began with about forty couples participating. Card playing was also a feature of the evening, which, with a diversion for everyone, was characterized by the infor-

malty and prevailing good time. Marion Finney received the beautiful quilt which was given away. Although the expenses have not been paid, over a hundred dollars was taken in as a result of the affair.

THIMBLE CLUB DINNER.
Two years ago the members of the Thimble Club and several friends were invited to Franklin to spend the day as the guests of Mrs. Will and Mrs. John Ditmar, daughters of the late David Graham, and who formerly lived in this city. The loyal entertainment which the Rushville ladies received, and the delightful day they spent there is still a happy memory to them.

Honoring the hostesses of two years ago, those who were guests at that time gave a dinner party today at the home of Dr. and Mrs. F. G. Hackleman. Reunited friendships, a general good time, and an elaborate menu well executed, combined to make the day a thoroughly enjoyable one.

Aside from the table in the dining room which was tastefully decorated, with a huge bouquet of red carnations and ferns, small tables were placed in the rooms at which the guests were seated. The delicious chicken dinner was bountiful in its menu and beautifully served. Following the dinner, a gay and pleasant afternoon was spent, which was made especially enjoyable by the charming personalities of the two guests of honor. Those participating in this delightful day were Mrs. John Ditmars, Mrs. Will Ditmars, Mr. and Mrs. Lewis Sexton, Mr. and Mrs. Will Bliss and daughter, Mary Louise, Mr. and Mrs. Alvan Moor, Mr. and Mrs. Francis Moor, Mr. and Mrs. Harrie Jones, Mr. and Mrs. Albert Denning, Mr. and Mrs. John Blackledge, Allan Blackledge, Mr. and Mrs. Robert Innis, Mrs. James E. Watson and children, Katherine and Joseph, Mrs. Harriet Plough, Mr. and Mrs. John P. Frazee and family, Will Jay and daughter, Viola, Mrs. Frank Capp, and Rue Henley of Carthage.

CENTENNIAL TO BE GIVEN BOOST

Continued from Page 1.
also short talks by men identified with things with which the secretaries come directly in contact, not the least important of which was one by T. A. Coleman, formerly of this county, who is now in charge of the county agricultural agent work in Indiana.

Mr. Coleman talked on the theme, "The Secretary and the County Agent." He laid stress on the need of increasing the efficiency of the agricultural products. The dollar produced by the farmer, he said, is wealth added to the assets of the community. "To my mind," he said, "one of the first steps in inducing the farmer to break away from the feeling of independence, which is his by right, is to induce him to affiliate with his urban fellows on their common interests. Thus seeing the value of teamwork, farmers are ready to use the county agent in a demonstration of the value of better agricultural methods. One man doubting the yield of corn on his acre adds little to the supply of food but if each corn grower added a single bushel an acre to his crop the state's

supply would be increased 5,000,000 bushels.

The visiting secretaries were most elaborately entertained by the Martinsville Chamber of Commerce, which is one of the most alive organizations in the state. It has comfortable headquarters with a combination ball room and meeting place, card rooms, lounging rooms, pool and billard rooms and adequate offices. Lunch was served at the Colonial, one of the eight sanitariums in Martinsville, and the visitors were entertained with a banquet at seven o'clock at the Home Lawn, the most pretentious sanitariums.

The secretaries will hold the next quarterly meeting at Crawfordsville in April.

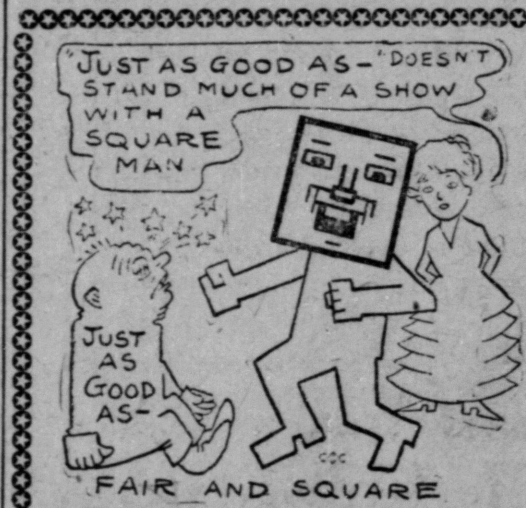

WET AND DRY FIGHT ON IN NEBRASKA

Economic And Not Moral Side of Question is Being Given Consideration by Speakers

WILL VOTE NEXT NOVEMBER

(By United Press.)

Lincoln, Neb., Jan. 19.—First guns are booming in the wet and dry fight in this, W. J. Bryan's home state. Bombardment of the public with the heavy artillery of both factions will culminate in a victorious vote for the wets or the dries at the

"Just as good as" is a brand of conversation that is going out of style in polite circles. "Just as good as" doesn't please the court of last resorts presided over by Judge Palate. Better goods at prices that are reasonable.

HORRIBLE DAYS
AWAIT SOLDIER

Winter Imposes Insurmountable Difficulties on Balkan Fighter Because of Rains

FEW RAINS AND LOTS OF MUD

Not Content With Sending Bullet Through an Enemy, Balkan Men Use One That Explodes

By WILLIAM G. SHEPHERD
(U. P. Staff Correspondent.)

Monastir, Serbia, Dec. 24—(By Mail) Balkan soldiers suffer more than those of any other nation. How the Bulgarians, the newcomers, will conduct their medical corps, remains to be seen. Winter imposes almost insurmountable difficulties on an army in the Balkans owing to the few roads and the almost incessant mud and rain. The Germans and the Austrians, with their automobile ambulances, have dodged the hardest and worst parts of Serbia. The German line extends down into Serbia only 50 miles and the Germans seem satisfied with that. There is little chance of their coming further.

The Austrian line reaches only slightly deeper into the little ally country. The Austrians and the Germans appear to have the single intention of connecting with the Bulgarians, if possible, in the northeastern tip of Serbia and avoiding

Kidney Trouble Lead
To Terrible Torture

Hundreds of sufferers from pains in the back and sides, bladder and urinary disorders, lumbago, rheumatism, dizziness, puffy swelling under the eyes or in the feet and ankles, nervousness, tired or worn-out or headachy feeling, don't seem to realize that the greater part of all sickness today can be avoided by keeping the kidneys working properly. If you suffer from any of the many agonies that accompany weak, clogged-up or diseased kidneys you should not neglect yourself another day and run the risk of serious complications. Secure a package of Solvax, the wonderful new kidney remedy, which is very inexpensive yet acts quickly and surely on the seat of the trouble. You'll be surprised how entirely different you'll feel in a very short time.

It doesn't matter how long you have suffered, how old you are, or what you have used. The very principle of Solvax is such that it is practically impossible to take it into the human system without beneficial results.

Solvax has been so uniformly successful that Johnson's Drug Store will in future sell it under a positive guarantee of relief or refund the money.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to keep young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle.

Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective.

They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

The Olive Tablet Company, Columbus, O.

the Bad Lands. But the Bulgarians will have not such easy going. Their wounded and sick must be carried on springless wagons drawn, oftentimes, by oxen which plod through the knee deep mud in a slow and dismal procession.

Some of the difficulties that will be faced by the Bulgarians may be measured by what I have seen along the roads near Monastir and in the hospitals here. Most of the Serbia wounded suffer from gas gangrene, owing to the lack of attention imposed by the long, slow cart journeys. Small wounds that would have meant only a week in the hospital if prompt medical attention could have been given, are killing men with pain or poison. American as well as Serbian doctors are helpless against gas gangrene. Quinine is being tried in Serbia now and wounded men are being given doses almost unbelievably large and potent and the doctors fancy that the gas gangrene victims are helped slightly by the new treatment.

Explosive bullets are another cause of horrible suffering in the Balkan fighting. Not content with sending a bullet through an enemy, the Balkan battlers often use bullets that explode. Let one of these bullets strike a bone and it creates in the flesh all the havoc of a miniature Jack Johnson shell, actually shredding and spattering flesh in all directions from the person of the unhappy target. All of a leg or arm below the point where an explosive bullet has struck, the bone may as well be amputated, for the bone will be splintered, the flesh blown away and gas gangrene imminent.

In the hospital here is a farmer boy who was hit in the right arm and leg by a bullet which came from above him. The bullet exploded in the leg, shattering it, and the leg was taken off by the doctors. Gas gangrene set in in the arm and that too was amputated. The young man thereby gains the doubtful distinction of having lost a leg and an arm by one small bullet. The world is likely to hear little this winter of what is going on in Serbia because the fog of war which covers actual fighting grounds obscures much that the world ought to know. But the Servians will be suffering incredibly, as will also the invaders who enter the heart of the country.

EPIDEMIC WAS
NOT EXPLAINED

Modern Science Fell Down in Attempt to Find Out What Was Matter With Water Supply

CONFINED TO NORTHSIDE

Dr. Hurty Declared it Was Typhoid Fever, But Others Offer Different Theories

(By United Press.)

Indianapolis, Jan. 19.—Modern science fell down in an attempt to explain an epidemic that affected 1,500 north side residents of this city. It was admitted today that the corps of city and state chemists and doctors who have since November 10 been trying to trace the epidemic to its source have failed absolutely.

Dr. J. N. Hurty came forward several weeks after the epidemic had run its course with the interesting information that it was typhoid fever. During the epidemic it was not so diagnosed. Dr. Hurty earlier blamed it on the water supply, but later changed and suggested that the water supply was the more probable source.

At the city board of health no comment was forthcoming today on Dr. Hurty's latest theory. Common opinion blamed the water supply at the time and the water company advised that all boil the water.

Later the company in a public statement declared the water not at fault.

A peculiar feature was that the epidemic of colicky gastro-intestinal trouble was confined to the north-side. This tended to substantiate the water company's claim and puzzle the scientists.

Best by Test, Fair Promise 5c Cigar

PUT CREAM IN NOSE
AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache, no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

Gums shrinking?
Danger ahead!

Go now to a mirror and examine your mouth? Do your gums look "rinsed out," shrunken? Do you see a jagged appearance in the gum-line?

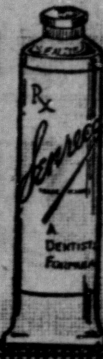

If so, see your dentist. He will tell you that you have pyorrhea, and that to save your teeth you will have to fight this dread disease at once.

From pyorrhea come by far the greater part of all tooth troubles. Unless treated and checked, it will result not only in the shrinking and malformation of your gums and of the bony structure into which your teeth are set, but in the loss of the teeth themselves.

A specific for pyorrhea has been discovered recently by dental science, and is now offered for daily treatment in Senreco Tooth Paste. Senreco combats the germ of the disease. Its regular use insures your teeth against the attack or further progress of pyorrhea.

But Senreco does more. It cleanses the teeth delightfully. It gives them a whiteness distinctive of Senreco alone. Its flavor is entirely pleasing, and it leaves in the mouth a wonderful sense of coolness and wholesomeness.

Start the Senreco treatment before pyorrhea grips you for good. Details in folder with every tube. A two-ounce tube for 25c is sufficient for 6 weeks' daily treatment. Get Senreco of your druggist today; or send 4c in stamps or coin for sample tube and folder. Address The Sentanel Remedies Company 503 Union Central Building, Cincinnati, Ohio.

Your Successful Neighbors

Many of your neighbors have prospered and seem to have funds of their own and to command more when they need them in carrying out their plans. How do they manage it?

NEW WAGE SCALE TO BE DEMANDED

Most Important Committee at United Mine Workers Convention is Appointed Today.

BIENNIAL REPORT IS MADE

International Secretary-Treasurer Denounces Administration For Preparedness Plans.

(By United Press.)

Indianapolis, Ind., Jan. 19.—The first step of the United Mine Workers of America in formulation of the new wage scale demands on the operators was taken today when President John P. White appointed the wage scale committee, consisting of one representative from each of the districts. Howard Stewart will represent No. 11, the Indiana district.

This, it was agreed, is the most important committee of the convention. When the auditor's report was read today an item of \$13,876.45 for shoes for the Ohio miners during their strike attracted some attention. Under it appeared a contribution of \$2,000 to the industrial relations committee.

Forsaking the routine affairs of the United Mine Workers of America, William Green in his biennial report today as international secretary-treasurer denounced the Washington administration's preparedness program as "not in accordance with a democratic form of government nor the peaceful ideals of the American people."

Green had been reading his review of the past two years as they concerned the organized miners. His audience was composed of the 1,600 delegates to the biennial convention. His remarks concerning the war in Europe and the administration's program caused surprise, as it has not been customary for the secretary-treasurer to deal with matters foreign to the miners' organization.

"Thoughtful members of the organization have deep concern the agitation in our country for the adoption by congress of a so-called preparedness program," said Green. "It would seem that those who favor a large standing army and navy have taken advantage of the present situation to create a sentiment in favor of the expenditure of the government of large sums of money for military and naval purposes."

Green's statement was believed to forecast one of the important nations to be taken by the convention during the two weeks or longer it will be in session. "In view of the seriousness of the situation," he said, "it is important that our great organization, the largest labor organization in America, should make its position known. Our membership is opposed to war—so, though this convention, let their sentiments be expressed to the president of the United States and the congress as well, that we are opposed to war and that we request that nothing be left undone in the government's efforts to maintain peace and strict neutrality."

Green denounced the preparedness

program as "directly opposed to the traditions of our nation" and as a "menace not only to the peace and safety of the American people, but to the entire world as well. This convention ought to give expression to its attitude towards this so-called preparedness program."

Green reviewed the past two years from the standpoint of the miners. The organization, he said, in common with all other labor organizations had felt the blighting influence of an industrial depression. Despite this, he said, the miners organization ended the biennial period having made a creditable showing.

Strikes cost the miners large sums of money, Green reported. During 1914, he said, the organization sent \$377,500 to Ohio and \$1,882,000 to Colorado. In the two years, 1914 and 1915, Ohio miners received \$1,294,500 and Colorado miners \$2,209,000, or a total of \$3,503,500. "This enormous amount of money was supplied as aid alone and does not include amounts furnished for medical attention, attorneys fees, incidental bills, etc.," said Green, "which amounts to about \$12,000 in Ohio and a much larger sum in Colorado."

Green reported that the various districts responded liberally when it was found that the total income for many weeks was much less than the expenditures for aid alone. Amounts received from the districts for use as aid in Colorado and Ohio totalled \$877,860, he said. He referred to the convention the question of returning this money to the districts.

"Judging from the standpoint of immediate results the strike in Colorado may not be regarded as a complete success," said Green. "However, the moral effect is bound to be productive of good results. Never was such industrial conflict waged in America before."

Green declared the strike in Ohio was a "complete success." It is really remarkable that such a decisive victory was won under such unfavorable circumstances, he said. He detailed how the mine-run method

RUSHVILLE SET UP AS EXAMPLE

Scenes From Here Are Samples of
The City Where People Trade at
Home and all Prosper.

MOVIE SHOWN FIRST TIME

Views of Business District and W. A.
Alexander's Farm Depicted—
Exhibited at Martinsville.

Rushville is set up as an example of the ideal city, where money is spent at home and the people prosper, in a picture issued by a motion picture exhibitors company, teaching the evils of trading away from home, which was shown for the first time Tuesday at the quarterly meeting of the Indiana Commercial Secretaries association at Martinsville.

The majority of the scenes for the moving picture were taken at Shelbyville. It is there that the plot is enacted, showing the farmer who purchased a stove at a Chicago mail order house which was to cost \$32, but which netted him \$54 before he had it installed in his home.

Scenes were then depicted revealing the decadence in cities and towns where the inhabitants send their money away from home. It is also a part of the plot for the son of the farmer who buys away from home to woo the daughter of a home merchant and she replies to his proposal of matrimony that he get his father to get him a wife from a mail order house where his father buys everything else.

Then are flashed on the screen moving views of Rushville's business district. Pictures of Main street downtown from all possible angles are shown and that are also close-up views of the Rushville National Bank building, the Peoples National Bank, the I. O. O. F. lodge building, the court house with the municipal Christmas tree standing on the lawn and many other interesting scenes.

In closing, the picture displays scenes from the very modern home and farm of Mr. and Mrs. W. A. Alexander, west of the city. Pictures of the house are shown, and also views of the improved farm land, preceded by the explanation that land of the sort displayed on the screen is in trade-at-home territory and will easily sell for \$200 an acre. In one part of the picture, Mr. and Mrs. W. A. Alexander are seen driving up to the porte-cochere and Mrs. Alexander alights with an armful of bundles.

MRS. IDA PITMAN EXPIRES

Life of William E. Pitman is Dead
of Tuberculosis Near Pinhook.

Mrs. Ida Pitman, 59 years old, wife of William E. Pitman, died last evening at 5:30 o'clock at her home near Pinhook after a long illness from tuberculosis. Mrs. Pitman had been in a critical condition for some time and her death was not unexpected.

She is survived by her husband and three children, Miss Leland, Ralph and Ernest Pitman. The funeral services will be conducted Friday afternoon at 1:30 o'clock at the Orange Methodist church by the Rev. Moody Edwards and burial will take place in the North cemetery there.

The funeral services of Mrs. Stacy Johnson will be conducted Thursday morning at 10:30 o'clock at the late residence in North Main street and burial will take place in the East Hill cemetery at Arlington.

BANDITS ARE TERRORIZED

Withdraw Farther Inland When Executed Mexicans Are Exhibited.

(By United Press.)
El Paso, Texas, Jan. 19.—Caranza's death order has thrown a chill of terror into the hearts of Mexican bandits. The public parade of corpses of bandits to show the fate of the lawless has driven the outlaws farther into the mountains today.

BIGGEST MERCURY DROP IN 30 YEARS

Figures Supplied From Government
Weather Bureau at Maury
Shows Decline of 63 Degrees.

NEAR THAT RECORD IN 1901

The drop in temperature last Wednesday showed the greatest daily range in thirty-five years, according to figures prepared by Elwood Kirkwood, of the government weather bureau at Maury. At two o'clock on Wednesday afternoon the temperature was sixty-seven degrees and the next morning at seven o'clock the temperature dropped to four degrees above zero, showing a range of sixty-three degrees. The cold wave was preceded by a rainfall of 2.09 inches.

On December 13 and 14, 1901 the temperature dropped from 52 degrees to 1 below zero or a range of 53 degrees and was preceded by a rainfall of 2.36 inches, and 3.50 inches of snow. The temperature on Monday morning as recorded at Maury was five degrees below zero, which was seventy-two degrees colder than last Wednesday.

GRANTS PARTITION OF \$21,000 ESTATE

Judge Sparks Appoints A. M. Hodge
Commissioner For The Dearing-
er, Fixing Bond at \$42,000.

JUDGMENT ON NOTE IS GIVEN

Judge Sparks heard the motion for an allowance this morning in the divorce suit of Fern Mae Perkins against Charles Perkins and took the case under advisement. She was asking support money pending the outcome of the divorce suit.

The partition suit of Art W. Dearing against Emily J. Hill, et al., involving the estate of the late William W. Dearing, was heard and a partition granted. Alva M. Hodge of Walker township was appointed commissioner to make the same of the real estate involved and his bond fixed at \$42,000. The real estate in this estate is worth \$21,000.

The case of Oliver C. Norris against Karl Enos and M. A. Enos on a note demanding \$200 was submitted for trial and the court found for the plaintiff in the sum of \$135.76 including an attorney fee of \$11.22. The suit of William S. Oneal and Lieu Oneal against William Emsweller, on a note demanding \$1,000, was dismissed by the plaintiffs and the costs paid.

Mrs. Mary Brown is recovering from a severe attack of la grippe.

DECLARATION BLANKS HERE

Several Candidates File Intentions to
be Candidate in Primary Soon
After They Arrive

RUSH GETS 12 DELEGATES

According to New Apportionment,
Some Townships Will Have to
Elect Them Jointly

Clerk Taylor received the blanks for the declaration of candidates this morning and already several candidates have filed their statements, thus becoming a real-for-sure candidate under the new primary law. With the receipt of the blanks the candidates are expected to make a run on the clerk's office as it is necessary in order to get the names on the primary ballot to file this statement. The candidates have until February 5 to file the declarations.

Fon Riggs, Republican county chairman, has appointed Verne Norris as the Republican member of the primary election commissioners. The Democratic organization has not yet named their man, but it is expected to be Howard E. Barrett. These two appointees will act with Clerk Taylor, who is a member of the board ex officio.

The primary election board will meet shortly to apportion the delegates to the state convention. Under the primary law the political parties are entitled to one delegate to the state convention based on every 200 votes cast for United States senator last year. This decision regarding what vote should be used in apportioning the delegates was made yesterday in the report of the committee appointed by Governor Ralston to interpret the primary law.

Under this ruling Rush county will be entitled to twelve delegates to the state convention. The county will be reapportioned and it will be no small task as some of the townships will not be entitled to a separate delegate. The law states that the state convention of the parties shall consist of delegates upon the basis of one delegate for each 200 votes cast and one delegate for each fraction of 100 or more votes in every county in the state, to be apportioned among the precincts, wards and townships of such county by the board of primary election commissioners of such county as equitable as possible, and so as to give the voters of each precinct of such county representation.

By this it is seen that if the county is apportioned according to the law one or two townships in Rush county are going to get a joint-delegate to the state convention. Two years ago Rush county had fourteen delegates. It has always been customary to give each township one delegate, but under the primary law there are doubts as to whether this can be done.

PECULIAR FACTS ABOUT WELL KNOWN PEOPLE

Oakland, Cal., Jan. 19.—Colonel John P. Irish, who has been a naval officer at the Port of San Francisco under both Democratic and Republican administrations, and who recently again became prominent through his denunciation in New York of Dr. Anna Shaw, never wears a necktie. Irish was appointed by Cleveland Neckties, he says, are useless.

Miss Nancy Hogsett, who was operated on this morning for appendicitis, is reported to be doing nicely.

OLD SYSTEM MAY BE ABOLISHED

Third Paid Fireman Will be Employed,
Indicating That Volunteer Plan
Probably Will be Discontinued.

ORDINANCE TO BE PREPARED

Engineer's Plans and Specifications
For Paving First Street to Big
Four Are Adopted.

Fire Chief Easley appeared before the council last night and again asked that a third man be employed regularly on the department. The council granted his request and instructed the attorney for the city to revise the ordinance so as to employ a third man. This action was taken about a year ago but for some unknown reason was never carried out. The present city attorney promised to have the ordinance ready by the next meeting.

A third man for the fire department has been advocated for some time and at this time of the year the department is seriously handicapped by the lack of men. It is likely that this step will mean the abolishment of the old volunteer system. Under the proposed plan the department will likely be composed of five men. Three men will be stationed at the fire department and with Chief Easley and the engineer for the fire engine, it is believed that this force can take care of any that might take place.

The engineer's plans and specifications for the paving of First street, from Main street west to the Big Four railway, were adopted and the resolution calling for the improvement was passed. The plans cover four different kinds of paving material. The material to be used will be decided later, but as brick is cheapest it is likely that the street will be paved with this. The estimated cost of paving with brick is \$21,953; with granite block, \$28,477; with concrete block, \$28,871 and sheet asphalt, \$24,423. It is planned to put this improvement through so as to start work in the spring.

The snow ordinance providing for the clearing of all sidewalks of snow within twenty-four hours was passed on second reading. The vote was the same as on first reading, 3 to 2. Councilmen Lee and Flint still opposed the ordinance. The ordinance will come up for third reading at the next meeting. By taking the longer course and not suspending the rules it is requiring several weeks to pass this law. Councilmen Mauzy, Scudder and Wagoner favor the ordinance.

The coal question was again discussed. Some trouble from the miners is expected about the first of April and the council is figuring on laying in a sufficient supply to tide over in case of a strike. No definite action was taken last night but the superintendent of the water and light plant and the water committee will keep in close touch with the affairs of the miners and if a strike comes Rushville will not be without a supply of fuel.

An ordinance was passed appropriating \$27.47 from the general fund to reimburse a street fund in West Third street.

Beginning Feb. 1 the night police force will see that the street lights are lighted. This has been done in the past by the merchant policeman but with a third man on the regular force the council believed that this extra expense was uncalled for and instructed the clerk to notify Ray Lakin that he need not turn on the lights after Jan. 31.

Born to the wife of Herman Jones, this morning, a boy.

NEGOTIATIONS BROKEN OFF

Austria and Montenegro Will Not
Settle on Terms, is Report.

(By United Press.)
London, Jan. 19.—Peace negotiations between Austria and Montenegro have been broken off, according to an unconfirmed wireless report from Rome today. The dispatch said that reports of the surrender of the Montenegrin army were "premature."

MILROY WITHOUT ELECTRIC LIGHTS

Witters Electric Company Disposes
of Equipment and Town Seeks
Current Here.

CONNERSVILLE ALSO BIDDER

Milroy is without electric lights either for street or domestic use and this condition will exist until about April 1, at which time it is hoped to secure the "juice" from this city or Connersville. The Witters Electrical company, which has been supplying the town with electricity, has disposed of its engine and is unable to continue in the business.

Negotiations are under way with the traction company here to extend a line to Milroy and at the same time a Connersville company is also after the contract, desiring to supply Andersonville on the line to Milroy. The business men of Milroy held a meeting this afternoon at the bank there and it was stated that this was one of the questions discussed. Charles Witter recently disposed of his interest in the company to Nicholas Gloschen of Oldenburg. Milroy has been without electric lights for the past two days.

FALLS FROM WAGON ON SHINGLE PILE

Harvey Cohee is Seriously, Perhaps
Fatally, Injured in Accident at
Lumber Yard Today.

UNCONSCIOUS FOR AN HOUR

Harvey Cohee, employed at Pin-nell-Tompkins Lumber Co., was seriously hurt this morning when in stepping from a wagon to a pile of bundled shingles his foot slipped and he fell, landing on his abdomen on the sharp edge of the shingles.

Cohee was rendered unconscious and for a time it was believed he was fatally hurt. He was removed to his home by Dr. E. I. Wooden and recovered his senses in about an hour. He was badly bruised about the stomach and may be injured internally. After falling against the shingles Cohee fell to the ground, the second fall being almost as bad as the first. While his condition is not considered critical, the exact extent of his injuries will not be known for a few days.

PLOT TO KILL EMPEROR.

(By United Press.)
Peking, Jan. 19.—Numerous arrests were made here today in a plot to blow up Yuan Shi Kai, who recently accepted the Chinese throne. Explosives were discovered in the emperor's palace.

E. W. Ball, is confined to his home with la grippe.

CENTENNIAL TO BE GIVEN BOOST

Indiana Commercial Secretaries
Resolution Calls For Banquet
on February 22.

CELEBRATE STATE'S BIRTH

T. A. Coleman, Formerly of This
City, One of Speakers at Meet-
ing in Martinsville.

The adoption of a resolution calling on all commercial clubs, chamber of commerce and other organizations in Indiana having as their aim the betterment of their community to celebrate the hundredth anniversary of the birth of the state of Indiana with a centennial banquet was probably the most important action taken Tuesday at the meeting in Martinsville of the Indiana Commercial Secretaries association, which was attended by R. E. Harrold, secretary of the Rush County Chamber of Commerce.

The text of the resolution suggested that the commercial association of the state get behind the centennial movement by lending it support in this manner: A. W. McKeand, who proposed the resolution, said that the commercial organizations could not bring the centennial to the forefront in the minds of Hoosiers by any better method than the one suggested. It is likely the suggestion will be considered by the local organization.

Mr. McKeand said the same idea had been tried elsewhere to boost other schemes. Mr. McKeand, who is at the head of the McKeand Service company of Indianapolis, has spent his life in this sort of work and has had a wealth of experience. He related Tuesday to the clerks of the story of a Georgia products day which was observed in Georgia several years ago and the success it achieved by developing the banquet idea.

It will also be recalled that it was the McKeand Service company was in charge of the Indiana Retail Merchants association campaign when the "trade-at-home" celebration was carried on throughout the state last winter. On that occasion only Indiana-made products were served at the banquets and the toasts all related to trading at home. The Rush County Chamber of Commerce held such a dinner and it was well patronized. It is a part of the plan to have only Indiana-made goods at the proposed centennial banquet.

The secretaries yesterday heard papers read by secretaries from various parts of the state, dealing with the commercial secretary's work. Probably most important of these was the one by Albert V. Weigel, secretary of the Lafayette Chamber of Commerce, who took a healthy swat at factories which are seeking bonuses to locate. There were

The "I Have It" Store

The man who keeps the "I HAVE IT" store always has his ear to the ground. He tries to know in advance what the public is going to want. He listens to salesmen and he watches his home newspaper. When he sees a product advertised in his newspaper he knows people will want that. He puts the newspaper advertised goods in his window and says to all who pass by, "I HAVE IT? come in." And people come.

WHAT'S THE USE?

What's the use of advertising that we have the purest drugs? You know this—your doctor knows it—everybody knows no modern, honest conscientious druggist would buy less than the best drugs in the first place. What's the use in advertising that we deliver promptly. Try us once—any order, large or small—and see how quickly and willing we deliver your goods. As an up-to-date, modern, complete drug store, we could advertise in a more convincing way than half the drug stores of the state, but what's the use. Why not test us; test our quality, our methods, our service and know the satisfaction so many others enjoy. We're here, ready to serve, ready to give you the most personal attention, so that you will entertain friendliness for us and come again freely. No drug store in the country can or will serve you more to your satisfaction than we.

HORSE VALUES ARE LESSENER

Report Compiled by Bureau of Crop Estimates Average Price Declined Ten Dollars in Year.

THE SAME IS TRUE OF MULES

Average on Cows, However, Reveals Value is Increased—Sheep Also Are Worth More.

(Special to the Daily Republican.) Washington, January 19.—A summary of estimates of number and value of live stock on farms and ranges on January 1 for Indiana and for the United States, compiled by the Bureau of Crop Estimates (and transmitted through the Weather Bureau), U. S. Department of Agriculture, is as follows:

HORSES.

State: Number, 854,000, compared with 854,000 a year ago and 830,000 five years ago. Value per head, \$104, compared with \$114 a year ago and \$128 five years ago.

United States: Number, 21,200,000, compared with 21,195,000 a year ago and 20,277,000 five years ago. Value per head, \$101.60, compared with \$103.33 a year ago and \$111.46 five years ago.

MULES.

State: Number, 95,000, compared with 86,000 a year ago and 84,000 five years ago. Value per head, \$111, compared with \$117 a year ago and \$130 five years ago.

United States: Number, 4,560,000, compared with 4,479,000 a year ago and 4,323,000 five years ago. Value per head, \$113.87, compared with \$112.36 a year ago and \$125.92 five years ago.

MILCH COWS.

State: Number, 672,000, compared with 646,000 a year ago and 640,000 five years ago. Value per head, \$54.50, compared with \$55 a year ago and \$44.50 five years ago.

United States: Number, 22,000,000, compared with 21,262,000 a year ago and 20,823,000 five years ago. Value per head, \$53.90, compared with \$55.33 a year ago and \$39.97 five years ago.

OTHER CATTLE.

State: Number, 728,000, compared with 693,000 a year ago and 744,000 five years ago. Value per head, \$36.80, compared with \$35.20 a year ago and \$25.70 five years ago.

United States: Number, 39,500,000, compared with 37,067,000 a year ago and 39,679,000 five years ago. Value per head, \$33.49, compared with \$33.38 a year ago and \$20.54 five years ago.

SHEEP.

State: Number, 1,060,000, compared with 1,114,000 a year ago and 1,444,000 five years ago. Value per head, \$6.10, compared with \$5.40 a year ago and \$5.09 five years ago.

United States: Number, 49,200,000, compared with 49,956,000 a year ago and 53,633,000 five years ago. Value per head, \$5.17, compared with \$4.50 a year ago and \$3.91 five years ago.

SWINE.

State: Number, 4,170,000, compared with 4,167,000 a year ago and 4,156,000 five years ago. Value per head, \$8.50, compared with \$10.30 a year ago and \$9.30 five years ago.

United States: Number, 68,000,000, compared with 64,618,000 a year ago and 65,620,000 five years ago.

Raymond Cough Syrup and Anti-Grip Tablets

In using a Cough Syrup or a Grip Tablet you want the best the market can produce. If you are troubled with a Cough or Grip, don't tamper with it. It's dangerous. Raymond Cough Syrup & Grip Tablets will relieve any case in 24 hours, and that is a very short time considering the seriousness of the disease.

ago. Value per head \$8.40, compared with \$9.87 a year ago and \$9.37 five years ago.

Taeat Catarrh By Nature's Method

Every Breath of Hyomei Carries Healing Medicated Air to the Infected Membrane.

Nearly every one who has catarrh knows how foolish it is to try and cure it with sprays, lotions, and the like. Temporary relief may be given, but a cure seldom comes.

Until recently your physician would probably have said the only way to help catarrh would be to have a change of climate; but now with a simple preparation called Hyomei you can carry a health-giving climate in your vest pocket and by breathing it a few minutes four times a day successfully treat yourself.

The complete Hyomei outfit is inexpensive and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a life time, and if one bottle does not give permanent relief, an extra bottle of Hyomei can be obtained at any time for a trifling sum. It is more economical than all remedies advertised for the cure of catarrh, and is the only treatment known to us that follows nature in her method of treating disease of the respiratory organs.

Johnson's Drug Store has sold a great many Hyomei outfits, the more they sell, the more convinced they are that they are perfectly safe in guaranteeing to refund the money if Hyomei does not relieve.

Personal Points

—Mrs. A. G. Reeves spent the day in Indianapolis.
—Dr. Green of Manila visited in the city this morning on his way to Indianapolis.

*"The hours I spent with thee,
dear heart,
Are as a string of pearls to me
I count them over everyone
apart,
My rosary, my rosary."*

—Will McMillin was an Indianapolis visitor today.
—John Creaton of Fayette county was in the city today.
—Lewis Clark transacted business in Indianapolis today.
—John A. Spurrier went to New-castle this morning on a short business trip.

bill tonight, combining "The Rogue Syndicate," and "Sis" with the regular weekly chapter of "Neal of the Navy." The title of this week's episode is "The Dreadful Pit" and it is a thrill from the first turn of the reel to the last. Marguerite Courtot is starred in "The Rogue Syndicate," a one-act drama and Arline Pretty has the feature part in the sparkling comedy, "Sis." Thursday the showing will be James Morrison and Muriel Ostriche in a college story, "For the Honor of the Crew."
A more artistic and dramatic photoplay could hardly be imagined than the production of "The Rosary," which will be the bill Friday matinee and night.

ALLIED WAR COUNCIL MEETS
German Report Regarding Greek Ultimatum is Discredited.

(By United Press.)
London, Jan. 19.—The allied war council met here today with the air full of rumors of important developments in the Balkans.
Before the conference began the foreign office issued a statement discrediting the German report that the allies have delivered a 48-hour ultimatum to Greece. It was stated that German reports of new developments in Greece are "believed to be untrue."

Smoke FAIR PROMISE 5c Cigars

Mr. George E. Beattie, will speak at the regular prayer meeting at the First Presbyterian church, which will be held tonight at 7:30 o'clock instead of Thursday night. All who can attend are urged to be present.

Carefully Treat Children's Colds
Neglect of children's colds often lays the foundation of serious lung trouble. On the other hand, it is harmful to continually dose delicate little stomachs with internal medicines or to keep the children always indoors.
Plenty of fresh air in the bedroom and a good application of Vick's "Vap-O-Rub" Salve over the throat and chest at the first sign of trouble, will keep the little chaps free from colds without injuring their digestions. 25c, 50c, or \$1.00.

VICK'S VAPORUB SALVE

School Notes

(By J. H. Scholl.)
The second semester will begin Monday, January 24. Children who are six years old by Jan. 24 may enter school. Children who will not be six years old may wait to begin next September. Compulsory age does not begin until children are seven years of age. Children who are well developed, in good health, and six years old have a good opportunity to begin at this time.

Examinations are being held this week. All pupils will be dismissed for Friday forenoon. Each pupil should be present Friday at 1:15 o'clock to receive his credits and to be assigned work for the new term. Classes in "B" grades will have very few new supplies to buy as these classes are advanced to the "A" grade of the same year of school work.

Pupils who have withdrawn for any reason are urged to return to their work next Monday. The opportunity to secure an education should not be lost for trivial reasons. Each year's work in school will add not only more knowledge, but far better there will be developed an added intelligence and ability which is valuable either in itself or in the steps leading to higher work.

The night school conducted by E. W. Barrington should be patronized by those desiring a business course. The work given is equal to the best business colleges. The cost to local students is very low compared to the expense incurred when it is necessary to leave home and live in another city. Persons taking up book-keeping now can secure a valuable knowledge of the subject during the remainder of the term. The school meets on Monday, Wednesday, and Thursday evenings at 7:00 o'clock. Those interested should make arrangements for entrance this week so as to get full benefits.

The Junior high school has made a splendid beginning this term. The work has been planned according to the best ideas extant about this new arrangement in school courses. A few changes will be made in the arrangement for the new term. The State Board of Education has authorized a questionnaire about such schools with a view to giving all schools the benefit of the investigation.

The basket ball team of the high school will go to Richmond Friday night to play the Richmond high school team. The team has displayed splendid ability which reflects credit alike to themselves and their efficient coach, R. W. Burns.

The school will co-operate with the Farmers' Short Course which will be held next week. Boys who expect to be farmers should take advantage of this excellent course. The school will assist in the entertainments to be given.

WAR ODDITIES

Newport, Wales—Rev. Hall Wallis, leading Methodist minister, was granted a six months' leave of absence by his congregation to do war work in a shipyard.
London—A chair factory at High Wycombe, Buckinghamshire, has received a War Office order for 50,000 "Windsor" chairs to be used for wounded soldiers.

—Mrs. Harry Sparks was a visitor in Indianapolis today.
—Miss Bessie Morris was an Indianapolis visitor today.
—James Alexander of Gings was a business visitor in Gings today.
—F. H. Windate went to Shelbyville this morning on business.
—George W. Thomas went to Indianapolis today on business.
—Mr. and Mrs. Harry Busehnohle were Indianapolis visitors today.
—A. L. Albertson of Seymour was a business visitor here today.
—Robert L. Tompkins transacted business in Indianapolis today.
—Guy Hartwell of North Vernon was a visitor here today.
—A. Cripe of Henderson was a business visitor in the city today.
—Ernest Marlatt of Manila spent last evening in this city.
—Mr. and Mrs. Jack Stonecipher spent the day in Indianapolis.
—Miss Ida Stevens went to Indianapolis to spend the day.
—J. M. Lyon went to Indianapolis this morning on business.
—Claude Cambern went to Indianapolis this morning on business.
—Charles Hinkle spent the day in Indianapolis on business.
—A. H. Callahan of Connersville was a business visitor here today.
—Fred Gross of Manila visited in the city today on his way to Indianapolis.
—Mrs. Thomas Creek went to Knightstown this morning for a short visit with her mother.

It is based upon the famous drama by Edward E. Rose. Seldom before has the motion picture screen shown such a finished production. Critics have been lavish in their praise of this film drama

Amusements

Four reels of unusual photoplay will be offered tonight at the Gem in the picture, "Heritage," which gives Bob Leonard and Ella Hall an excellent opportunity to display their ability. The plot of the play develops a generations-old problem of whether the steel bonds of heritage can be broken, whether one can break away from the traditions that have been bestowed by ancestry. Helen Holmes will be seen in a two-reel Bison railroad drama, "A Desperate Leap," Thursday matinee and night.
The Princess will show a double

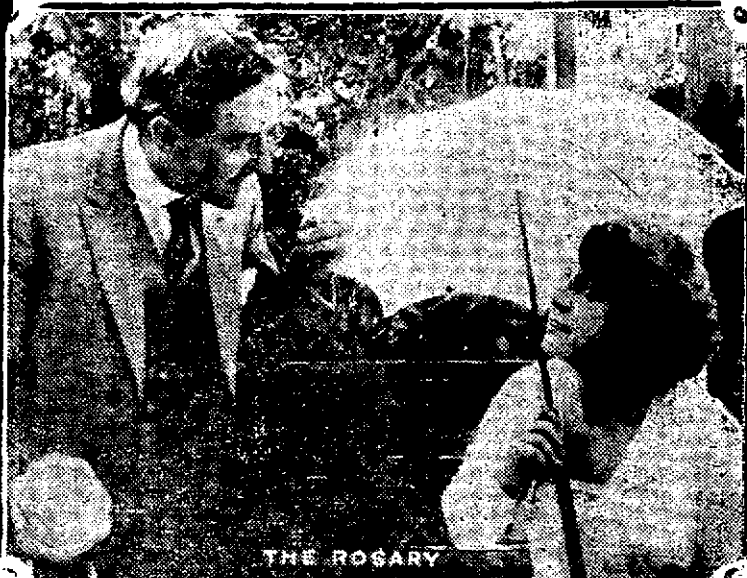

THE GEM
No advance in price Tonight, Admission 5c
BOB LEONARD and ELLA HALL in "HERITAGE"
Four reels of supreme photoplay. Can the steel bonds of Heritage be broken. Can one escape from the tainted blood of his father? Can one break away from the traditions of ancestry? Must the sins of the father be visited upon the children? Can one rise to the heights of position, wealth, fame, honor and achievement after spending childhood days in the very depths of the slums? All these questions are answered in this magnificent photoplay.
No advance in price Tonight, Admission 5c
Tomorrow Matinee and Night
Helen Holmes in 2 reel Bison railroad drama
"A DESPERATE LEAP"

PRINCESS THEATRE
A Big Double Program Tonight
LILLIAN LORRAINE and WILLIAM COURTLEIGH in "NEAL OF THE NAVY"
The Dreadful Pit
This episode is full enough of thrills for a picture twice its length. In this part Annette and her party start on their last lap of the trip to the Santa Maria Mission.
Marguerite Courtot in "THE ROGUE SYNDICATE"
A swell one act drama
ARLINE PRETTY in a sparkling comedy "SIS"
Tomorrow
James Morrison and Muriel Ostriche in a dandy college story
"For the Honor of the Crew"
A big regatta day is reproduced in this feature.
Friday Matinee and Night
KATHLYN WILLIAMS and CHARLES CLARY in "THE ROSARY"
The masterpiece of photoplay productions.
Admission 5 and 10 Cents

FAIR EXCHANGE

A New Back For an Old One—How a Rushville Resident Made a Band Back Strong.

The back aches at times with a dull indescribable feeling, making you weary and restless; piercing pains shoot across the region of the kidneys, and again the loins are so lame that stoop is agony. No use to rub or apply a plaster to the back if the kidneys are weak. You cannot reach the cause. Follow the example of this Rushville citizen.

Charley Walker, 1023 North Arthur street, Rushville, says: "I work where a lot of turpentine is used and it keeps my kidneys out of order more or less all the time. My back gives me the most trouble. It aches and is lame and stiff. The kidney secretions are too frequent in passage and highly colored. Not long ago, I decided to try Doan's Kidney Pills and got a box at Fox Bros.' drug store. They surely helped me, considerably relieved the trouble. I have a lot of faith in Doan's Kidney Pills and expect to continue their use."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Walker had. Foster-Milburn Co., Props., Buffalo, N. Y. (Advertisement.)

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.

NATIONAL BANK OF COMMERCE, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists. Take Hall's Family Pills for constipation.

Babies

Ever hear two women "fuss" over a baby, cutest, sweetest little thing that ever happened is their verdict. Most men like babies equally as well but, well they don't make as much fuss. Tell you what we will do during the next two months. We are going to give each new baby whose mother will come to our store, an A No. 1 Baby Hot Water Bottle, free of charge. Of course, we want to see the baby, but don't be sore if we don't fuss very much, we are just men. And don't forget, we want to make the first present to that baby.

We are authorized to announce the name of Rex A. Innis as a candidate for Sheriff on the Republican ticket, subject to the decision of the primary election, March 7, 1916.

Lack of Representation.

The New York World, Democratic, is hurling epithets at the Republican National Committee because the new apportionment of delegates will give a smaller representation to Southern states, which never help elect a Republican candidate. The particular complaint of the World is that the decrease in representation will be in states that send colored delegates. If the World is so solicitous for the welfare of the colored delegates, it can find plenty of room for agitation within the Democratic party. The last Republican National Convention contained 55 colored delegates. The Democratic convention contained none, except that a colored alternate from Colorado was seated on the third day of the convention when his

OLD-TIME COLD CURE—
DRINK HOT TEA!

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold. Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM
STIFF, ACHING JOINTS

Relieve Soreness from joints and muscles with a small trial bottle of old St. Jacobs Oil

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia. Limber up! Get a 25 cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

principal became ill. Now let the World and all other Democrats shout themselves hoarse over lack of representation for the colored voters.

The lowest duty rate recorded by the Underwood law since its enactment was the lemon handed to Uncle Sam by that tariff law the week ended December 25th, 1915. On imports totalling 30,799,642, there was paid into the February Treasury revenue in the sum of \$2,685,866, or an average rate of duty on imports entered at the 13 principal customs districts of the United States of 8.7 per cent for the week. Secretary McAdoo must have indulged in a little lurid language when he found that measly contribution to the public revenues in the Treasury's Christmas stocking. No wonder he wants to tax gasoline, horsepower, and "various other things," to quote from his annual report. Imports are coming in as never before, but they are coming in for the most free of duty.

Dr. Herman James of the University of Texas suggests that our government should be managed by college professors. Great Scott, man isn't that the kind of a government we have now, and aren't we just waiting for the day to get rid of it?

The Progressive platform—should there be such a document—will contain, according to George W. Perkins, a strong demand for preparedness. Does this mean that Mr. Perkins expects Wilson and his Congress to do nothing on this subject?

Twice as many bills have thus far been introduced in this Congress as compared with the last. What Democratic Congressmen lack in the quality of their legislation they propose to make up in quantity.

In one respect Republicans are in accord with all the European belligerents. They look for sweeping victories in 1916.

Many a rising son will go into eclipse after the June conventions. Nineteen sixteen is jogging along.

HOOSIER HISTORY

(Prepared for the United Press by the Centennial Department of the Indiana Historical Commission.)

McDonald and Kerr Oppose Uprising

Two prominent Democrats, Joseph E. McDonald and Congressman Michael C. Kerr, learned of the plot and determined to stop it. Kerr went up to Indianapolis from New Albany with the information that "The Devil is to pay in our section." A star chamber session of leading Democrats was held in McDonald's office. Kerr declared treasonable scheme must be stopped, even if the authorities had to be informed. While two maintained that "The government could not be restored without a forcible revolution," all finally agreed that the plot must be suppressed.

PROFESSOR BUYS
LIVE BED BUGS

Quoted on Open Market at Ten Cents a Hundred—Wants to Experiment With Them

THINKS THEY CARRY DISEASE

Found Them Hard to Obtain And Resorted to Advertising to Get a Good Supply

(By United Press.)

Columbus, O., Jan. 19.—If anyone happens to have a hundred live bed bugs handy and is willing to admit, Professor P. B. Wiltberger of the Ohio State University will pay a dime for them. Prof. Wiltberger believes they transmit trouble much as the southern mosquito was shown to have transmitted the yellow fever. The existence of this new market was disclosed to fond Columbus fathers and mothers recently when they heard their little boys talk of taking advantage of it.

Others saw the professor's ad in the local papers: "WANTED—Live bed bugs for experimental purposes. Will pay ten cents a hundred. Bring to Ohio State University—P. B. Wiltberger." Prof. Wiltberger's interest in the wingless, hemipterous insect familiar to him as a cimex lectularius, was occasioned, he said today, by the "peculiar ferocity of those found in certain hostilities." Some idea of the sort of nights the professor passed in these places may be gotten from his statement that "while giving a series of lectures in an eastern state" his trips brought him "into such close contact with the pests," that he decided "their mission in life is worse than commonly supposed." The professor said that such things are scarce in Columbus.

When he decided to study the bug, the professor went from door to door asking strangers to search and see if they had any. He says they not only considered him a worse bug than the variety he sought, but "evinced pronounced hostility at my suggestion that there might be some in the house." In despair at last the professor went peering through all the vacant houses he could find. The net catch of this hunt was only three live, adult gentlemen bugs. So now he's advertising. He wants to give the bug its place in medicine. He has quite a family of young and old gentlemen in minute glass houses now, but he wants some more, preferably not gentlemen. He says however, that he finds the gentleman reasonably content so long as he keeps them supplied with a sumptuous repast of guinea pig whiskers. The professor runs the barber shop too, keeping his customers in little pens, busily engaged in growing square meals.

"I DON'T SUFFER
ANY MORE"

"Feel Like a New Person," says Mrs. Hamilton.

New Castle, Ind.—"From the time I was eleven years old until I was seventeen I suffered each month so I had to be in bed. I had headache, backache and such pains I would cramp double every month. I did not know what it was to be easy a minute. My health was all run down and the doctors did not do me any good. A neighbor told my mother about Lydia E. Pinkham's Vegetable Compound and I took it, and now I feel like a new person. I don't suffer any more and I am regular every month."—Mrs. HAZEL HAMILTON, 822 South 15th St.

When a remedy has lived for forty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their health to it, is it not reasonable to believe that it is an article of great merit?

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Treat Coughs and Colds At Once

Dangerous Bronchial and Lung Ailments Often Follow Neglected Colds.

Dr. King's New Discovery Instantly Relieves and Breaks Up the most Stubborn and Hard Colds.

We catch cold because our system has become weakened and finds itself unable to throw off the cold germs. Nature in some cases will effect a cure; but generally, without aid we get worse. How much wiser to help nature fight and expel these cold germs! For

this purpose there is no better remedy than Dr. King's New Discovery. It is composed of Pine Tar mixed with laxatives and healing balsams. It is antiseptic. The instant Dr. King's New Discovery comes in contact with the germs, they die or leave. Your cough lessens, the irritation is soothed, and you begin to get better at once. Don't take the risk of serious sickness. Take Dr. King's New Discovery. In use over 45 years and guaranteed all the time. All druggists.

ON EXHIBITION AT OUR STORE

GUNN HAYDON

THIS FITS YOU

Most people are good to their stomachs when they are able to get Groceries that "make good."

Most people would like to be better to their stomachs if it were possible to improve the quality of their Groceries without paying exorbitant prices.

Most people often wonder if there is a store that could please them more than the one at which they are trading.

Most people at times think that if they could find such a store they would give it a trial.

But many of them never find that store simply because they never get to the point of actually looking for it.

THIS IS THE STORE

such people are looking for. Some found it years ago and are still trading here. Others are finding it day by day and are themselves becoming steady customers of this store.

It is Your Turn Next

if you want to tone up that troublesome stomach by feeding it groceries that agree with it. Just walk right through our door and you will be in the store you are looking for.

Prince Albert is such friendly tobacco

that it just makes a man sorry he didn't get wind of this pipe and cigarette smoke long, long ago. He counts it lost time, quick as the goodness of Prince Albert gets firm set in his life! The patented process fixes that—and cuts out bite and parch!

Get on the right-smoke-track soon as you know how! Understand yourself how much you'll like

PRINCE ALBERT

the national joy smoke

It stands to reason, doesn't it, that if men all over the nation, all over the world, prefer P. A. that it must have all the *qualities* to satisfy your fondest desires?

Men, get us right on Prince Albert! We tell you this tobacco will prove better than you can figure out, it's so chummy and fragrant and inviting all the time. Can't cost you more than 5c or 10c to get your bearings!

Watch your step!
It's easy to change the shape and color of unsalable brands to imitate the Prince Albert tidy red tin, but it is impossible to imitate the flavor of Prince Albert tobacco! The patented process protects that!

Buy Prince Albert everywhere tobacco is sold—in tippy red bags, 5c; tidy red tin, 10c; handsome pound and half-pound tin humidors—and in that classy crystal-glass pound humidor with sponge-moistener top that keeps the tobacco in such great trim!

CLOSE GAME WON BY SHELBYVILLE

Local Independents Drop Exciting Contest by Score of 30 to 32—Tied in First Half.

MANY SENSATIONAL PLAYS

The Shelbyville Independents defeated the Rushville team last night in a well played game at the Graham Annex gym by a score of 32 to 30. The game was one of the hardest fought played here in several years. The teams were evenly matched and the contest was decided in the last minute of play. The first half ended 15 to 15 and the score in the last period was close throughout.

Many sensational baskets were made and the crowd was kept on edge continually because of the fast playing and close score. The lineup and summary:

Shelbyville (32)	Rushville (30)
Winsley	Mauzy, Gunning
Havens	Forward
Blakeley	Forward
Farley	Center
Keith	Guard
	Guard
	Field goals—Gunning (2), Bebout (4), Henley (3), Petry (2), Carroll (2), Winsley (2), Havens (6), Blakeley (6), Farley (1).
	Four goals—Havens (1) Farley (1), Bebout (3), Henley (1).

Feeble Aged Woman

Says Vinol Made Her Strong.

Grand Saline, Texas.—"I am an aged woman and for a long time was weak and feeble but Vinol restored my health and strength so that I feel almost young again and am doing all my housework. Old people who are weak and feeble should try Vinol and know its merits as I do. It is the best medicine to create strength and for chronic colds I have ever taken."

—Mrs. Fannie E. Rodgers.

Vinol, our delicious cod liver and iron tonic, is sold on our guarantee to benefit or your money will be returned. F. B. Johnson & Co. Druggists, Rushville, Ind.

ELWOOD IS VOTING TODAY

Wet And Dry Election Holds Interest of People

(By United Press.)

Elwood, Jan. 19.—Following a whirlwind finish of speeches, house-to-house canvassing and street argument, Elwood went to the polls today to decide whether to retain its thirteen saloons. Elwood recently experienced a big revival and the "drys" were counting on the effect of this to cut down the lead formerly enjoyed by the "wets." Organization meetings have been held nightly by both sides and both were confident of victory today.

FREIGHT EMBARGO HURTS BEDFORD

Stone Industries Unable to Get Shipments Through to New York at This Time

FAVOR MERCHANT MARINE

(By United Press.)

Bedford, Jan. 19.—If a poll were taken today among the Bedford people dependant upon the stone industry it probably would find them nearly unanimous for a merchant marine. Because of the scarcity of ships, freight for the great New York terminals cannot be handled. The result is an embargo on freight in effect and perishable freight only can get through.

Several of the local mills have been effected by the embargo. One mill, having a big job in New York, is unable to ship stone and has shortened the hours of labor.

GARY SCHOOLS ARE NOT FOR DISPLAY

Minneapolis Teacher Turned Down When She Went on Inspection Tour

NOT FAVORED BY PROF. WIRT

(By United Press.)

Gary, Jan. 19.—The famous Gary schools are not here for display but to instruct the young idea. Recently when a Minneapolis school ma'am came here on a trip of inspection she was forced to return home without having seen anything but the corridors.

"Mr. Wirt said they were not running the Gary schools for the instruction of Minneapolis school teachers. He would not allow me to visit them even though he knew I was given permission by Dr. Spaulding to go to Gary," the young woman reported.

TODAY'S ODDEST STORY

Albany, N. Y., Jan. 18.—"Give the horse his share of the road and a chance to live and prosper." The New York State Association of Horsemen addressed this petition to the 1916 legislature here today. The object of the new organization is the preservation of Old Dobbin and the increase of the horse breeding industry. The legislature is asked to reserve a part of all state roads and highways exclusively for horse-drawn vehicles. The great numbers of autos are keeping the trotter and pacer in the stable for safety first reasons, horsemen declare. Statistics give an automobile to every 41 persons in the state.

WAR ODDITIES

London, Jan. 4.—The Prince of Wales has worn out five uniforms since he went to the front in November, 1915.

WRECKERS HAVE STARTED WORK

Beauties of San Francisco Will Soon be a Heap of Plaster, Timbers and Memories.

EXHIBITS ARE BEING MOVED

Desolation Lays Deep on the Zone as All is Stilled—One Loan Barker at Work.

(By United Press.)

San Francisco, Jan. 19.—The wreckers' ruthless hands are upon the Exposition. Soon its beauties will be a heap of plaster, timber and memories.

Today a grunting engine wheezed its way through the grounds where once joyful throngs congregated. It backed its string of freight cars into palaces and dragged out the last of the exhibits and furnishings. It poured its smoke over the Tower of Jewels and upon beautiful, snowy statues. Throughout the grounds the doleful sound of hammers and picks, of ripping lumber and rattling plaster were heard. Sharp bargainers directed the destruction of their prizes, the state buildings and other edifices, costing thousands to build, but sold for a trifle.

A lone Barker tried to sell post-exposition visitors souvenir coins. A wheel chair bearing a couple of old ladies creaked through what is left of the once gem city.

High over the wondrously beautiful Court of the Universe and Court of Abundance, circled lazy sea gulls from off the bay. Around the buildings a flock of frightened doves rose as now and then the tread of a visitor startled their calm. Empty fountains rusted. The palaces, some of them, still stood. But they showed signs of decrepitude: the plaster walls were chipped; the brilliant banners dropped and faded in the winter rains.

Sidewalks were littered with rubbish. Amid the ruins in the gardens blossomed a few garanciums. The other flowers were dead. All about was an air of desolation. A few grimy workmen replaced the thousands of sightseers who for months filled the grounds.

The romance of moonlight nights along the bay, fragrant with soft breezes, touched with orange blossoms, was replaced by the grim of decay, ruin, loneliness. A chill wind blew from the hills; clouds filled the sky with gloom.

On the Joy Zone—that noisy, rollicking Zone—desolation lay deep. Stella—wonderously beautiful Stella—was gone. Just a ragged sign marked her erstwhile abiding place. The giant dummy figures outside of Toyland, reared their heads lonesome monsters wondering where their crowds had vanished to. The house of The Girl in Blue was boarded up. The Pool of the Diving Girls is in ruins. Strange silence rests upon the once clattering coasters. It is indeed a forsaken city.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

Society and Club News

Edited by MISS FRANCES FRAZEE

Any items concerning your clubs, church organizations, entertainments, your friends or yourself, which you may send in, will be appreciated by the editor and readers of this column. Either mail or phone them to 1111, 3 rings, as soon as possible after their occurrence.

Mrs. A. L. Riggs will entertain the members of the Grand Club at her home in North Perkins street tomorrow afternoon.

The Auction Bridge Club, which was to have met with Mrs. Francis Moor, tomorrow, has been postponed on account of illness.

D. A. R. MEETING

An important meeting of the D. A. R. will be held tomorrow afternoon at the home of Mrs. Horatio Havens at 421 North Harrison street. The hostess will be assisted by Mrs. J. D. Case, Mrs. Theodore Friend, Mrs. A. L. Gary, Miss Laura Meredith, and Mrs. C. H. Gilbert.

U. P. AID SOCIETY.

One of the most delightful meetings of the year for the Ladies Aid Society of the United Presbyterian, was the one held at the home of Mrs. J. T. Paxton yesterday afternoon. Although no especially important business was brought up for discussion, with the needlework and social conversation, the afternoon passed quickly. The dainty and unusual refreshments served at the close of the afternoon were very much enjoyed.

PHI DELTA KAPPA.

The local chapter of Phi Delta Kappa is planning and working hard to make plans materialize for the dance to be given in their hall tomorrow evening. Music will be furnished by the Twin City Orchestra, a joint organization from Indianapolis and Connersville. A number of out-of-town guests have signified their intention of attending the dance. Among them will be persons from Knightstown, Shelbyville, and Connersville. The invitations have been issued and a large attendance is expected and desired.

METHODIST AID SOCIETY

A pleasant and interesting meeting of the Ladies Aid Society of the Methodist church was held at the home of Mrs. R. G. Budd yesterday afternoon, with Mrs. R. G. Budd, Mrs. Ed Pitman and Mrs. Clara Ruddell as hostesses. In the pleasant social afternoon was included a short business session in which the second section of the society made plans to hold a Penny Supper in the near future. The refreshments of angel-food cake, covered with whipped cream, were dainty and greatly enjoyed by the guests.

C. W. B. M.

The pretty home of Mrs. Linnea Hayes near Plum Creek was made especially attractive Wednesday afternoon when she entertained the members of the Plum Creek Missionary Society. With Mrs. George Kemmer as leader, an interesting program was carried out. An important business session followed this,

in which a number of new motions were brought before the society. Dainty refreshments were served by the hostess at the close of the pleasant afternoon. The next meeting will be held with Mrs. George Kemmer.

* * *

BIBLE CLASS ENTERTAINS.

The ladies of the Baptist church were the guests of honor at the party given at the church last evening by the Men's Bible class of that church. The social hours enjoyed were made interesting by the helpful program given. John Q. Thomas, one of the teachers of the class made the principal talk of the evening. Beautiful music was furnished by several of the ladies present. The happy affair was brought to a close with the dainty refreshments served by the hosts, to whom thanks were due for the royal entertainment.

* * *

RED MEN

A good program and pleasant time were anticipated by the local Red Men, who attended the district meeting in Knightstown today. Members from the orders from Henry, Hancock, Shelby, Marion, and Rush counties attended and took part in the program. Among those from this city who attended were Miles Cox, Vern Moore, Sylvester Kirkpatrick, George Osborne and Walter Smith. Frank McConaha, the Great Sachem of the district, from Franklin, and Arch H. H. Older, of Indianapolis, the Great Keeper of Records, visited here this morning and accompanied the local men to the meeting.

* * *

INFORMAL PARTY.

The beautiful home of Dr. and Mrs. Osborn of Glenwood was the scene for a merry crowd last evening, when they entertained several of their friends at a delightfully informal and pleasant party. The evening, spent socially, was made more pleasant with the several musical numbers which interspersed the lively chat. Near the close of the evening, the guests were invited into the dining room, made especially attractive by the dainty pink and white color scheme used. In the center of the table, pink and white carnations, arranged generously with fern leaves, were in a beautiful vase. Dainty refreshments were served in these pleasant surroundings. About seven couples were present to enjoy the hospitality of Dr. and Mrs. Osborn.

* * *

PYTHIAN SISTERS.

Although with each succeeding Penny Supper, the menu grows more elaborate and more bountiful, last night the climax was reached when the Pythian sisters, were the hostesses. This popular money-making scheme has taken Rushville by storm, for as was the case last evening, each guest who has partaken of the tempting repast, feels that he has turned the tables on the servers and received by far the best end of the bargain.

After two hundred people had enjoyed the supper, the dance floor was immediately cleared, and with music furnished by Miss Beatrice Mack, the dance began with about forty couples participating. Card playing was also a feature of the evening, which, with a diversion for everyone, was characterized by the infor-

CENTENNIAL TO BE GIVEN BOOST

Continued from Page 1.

also short talks by men identified with things with which the secretaries come directly in contact, not the least important of which was one by T. A. Coleman, formerly of this county, who is now in charge of the county agricultural agent work in Indiana.

Mr. Coleman talked on the theme, "The Secretary and the County Agent." He laid stress on the need of increasing the efficiency of the agricultural products. The dollar produced by the farmer, he said, is wealth added to the assets of the community. "To my mind," he said, "one of the first steps in inducing the farmer to break away from the feeling of independency, which is his by right, is to induce him to affiliate with his urban fellows on their common interests. Thus seeing the value of teamwork, farmers are ready to use the county agent in a demonstration of the value of better agricultural methods. One man doubting the yield of corn on his acre adds little to the supply of food but if each corn grower added a single bushel an acre to his crop the state's

supply would be increased 5,000,000 bushels.

The visiting secretaries were most elaborately entertained by the Martinsville Chamber of Commerce, which is one of the most alive organizations in the state. It has comfortable headquarters with a combination ball room and meeting place, card rooms, lounging rooms, pool and billiard rooms and adequate offices. Lunch was served at the Colonial, one of the eight sanitariums in Martinsville, and the visitors were entertained with a banquet at seven o'clock at the Home Lawn, the most pretentious sanitariums.

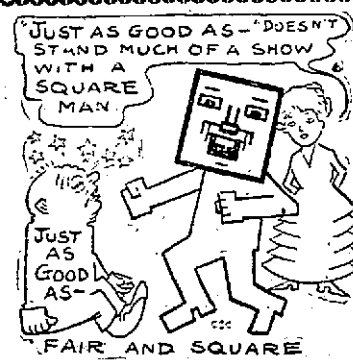

The secretaries will hold the next quarterly meeting at Crawfordsville in April.

WET AND DRY FIGHT ON IN NEBRASKA

Economic And Not Moral Side of Question is Being Given Consideration by Speakers

WILL VOTE NEXT NOVEMBER

(By United Press.) Lincoln, Neb., Jan. 19.—First guns are booming in the wet and dry fight in this, W. J. Bryan's home state. Bombardment of the public with the heavy artillery of both factions will culminate in a victorious vote for the wets or the dries at the

"Just as good as" is a brand of conversation that is going out of style in polite circles. "Just as good as" doesn't please the court of last resorts presided over by Judge Palate. Better goods at prices that are reasonable.

November 7th voting throughout Nebraska.

The moral issue is not stressed in this prohibition campaign. The wets are seeking in various ways to show the people, particularly the farmers, wherein dry territory is going to hurt business and bring farm and other products' prices down.

The dries are seeking to show the people where the liquor business makes for false prosperity and really accomplishes more physical and financial harm than good. The dry fight is in charge of a democratic-republican-progressive, non-partisan federation which expects to put a

state and local ticket in the field this fall.

According to the anti-saloon league, Nebraska now has 28 dry counties with 153,653 population; 351 dry and 219 wet towns, 54 dry and 38 wet county seat towns and a total of 890 saloons in the state. Forty thousand Nebraskans must ask that the prohibition question be submitted to a vote before it will be placed on the ballot. These petitions are being prepared by the dries now.

HORRIBLE DAYS AWAIT SOLDIER

Winter Imposes Insurmountable Difficulties on Balkan Fighter Because of Rains

FEW RAINS AND LOTS OF MUD

Not Content With Sending Bullet Through an Enemy, Balkan Men Use One That Explodes

By WILLIAM G. SHEPHERD
(U. P. Staff Correspondent.)

Monastir, Serbia, Dec. 24—(By Mail) Balkan soldiers suffer more than those of any other nation. How the Bulgarians, the newcomers, will conduct their medical corps, remains to be seen. Winter imposes almost insurmountable difficulties on an army in the Balkans owing to the few roads and the almost incessant mud and rain. The Germans and the Austrians, with their automobile ambulances, have dodged the hardest and worst parts of Serbia. The German line extends down into Serbia only 50 miles and the Germans seem satisfied with that. There is little chance of their coming further.

The Austrian line reaches only slightly deeper into the little ally country. The Austrians and the Germans appear to have the single intention of connecting with the Bulgarians, if possible, in the north-eastern tip of Serbia and avoiding

Kidney Trouble Lead To Terrible Torture

Hundreds of sufferers from pains in the back and sides, bladder and urinary disorders, lumbago, rheumatism, dizziness, puffy swelling under the eyes or in the feet and ankles, nervousness, tired or worn-out or headachy feeling, don't seem to realize that the greater part of all sickness today can be avoided by keeping the kidneys working properly. If you suffer from any of the many agonies that accompany weak, clogged-up or diseased kidneys you should not neglect yourself another day and run the risk of serious complications. Secure a package of Solvax, the wonderful new kidney remedy, which is very inexpensive yet acts quickly and surely on the seat of the trouble. You'll be surprised how entirely different you'll feel in a very short time.

It doesn't matter how long you have suffered, how old you are, or what you have used. The very principle of Solvax is such that it is practically impossible to take it into the human system without beneficial results.

Solvax has been so uniformly successful that Johnson's Drug Store will in future sell it under a positive guarantee of relief or refund the money.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—plump up the lines look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver. Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years. Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone by toning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.

the Bad Lands. But the Bulgarians will have not such easy going. Their wounded and sick must be carried on springless wagons drawn, oftentimes, by oxen which plod through the knee deep mud in a slow and dismal procession.

Some of the difficulties that will be faced by the Bulgarians may be measured by what I have seen along the roads near Monastir and in the hospitals here. Most of the Serbia wounded suffer from gas gangrene, owing to the lack of attention imposed by the long, slow cart journeys. Small wounds that would have meant only a week in the hospital if prompt medical attention could have been given, are killing men with pain or poison. American as well as Serbian doctors are helpless against gas gangrene. Quinine is being tried in Serbia now and wounded men are being given doses almost unbelievably large and potent and the doctors fancy that the gas gangrene victims are helped slightly by the new treatment.

Explosive bullets are another cause of horrible suffering in the Balkan fighting. Not content with sending a bullet through an enemy, the Balkan battlers often use bullets that explode. Let one of these bullets strike a bone and it creates in the flesh all the havoc of a miniature Jack Johnson shell, actually shredding and spattering flesh in all directions from the person of the unhappy target. All of a leg or arm below the point where an explosive bullet has struck, the bone may as well be amputated, for the bone will be splintered, the flesh blown away and gas gangrene imminent.

In the hospital here is a farmer boy who was hit in the right arm and leg by a bullet which came from above him. The bullet exploded in the leg, shattering it, and the leg was taken off by the doctors. Gas gangrene set in in the arm and that too was amputated. The young man thereby gains the doubtful distinction of having lost a leg and an arm by one small bullet. The world is likely to hear little this winter of what is going on in Serbia because the fog of war which covers actual fighting, grounds obscures much that the world ought to know. But the Serbians will be suffering incredibly, as will also the invaders who enter the heart of the country.

EPIDEMIC WAS NOT EXPLAINED

Modern Science Fell Down in Attempt to Find Out What Was Matter With Water Supply

CONFINED TO NORTHSIDE

Dr. Hurty Declared it Was Typhoid Fever, But Others Offer Different Theories

(By United Press.)

Indianapolis, Jan. 19.—Modern science fell down in an attempt to explain an epidemic that affected 1,500 north side residents of this city. It was admitted today that the corps of city and state chemists and doctors who have since November 10 been trying to trace the epidemic to its source have failed absolutely.

Dr. J. N. Hurty came forward several weeks after the epidemic had run its course with the interesting information that it was typhoid fever. During the epidemic it was out so diagnosed. Dr. Hurty earlier blamed it on the water supply, but later changed and suggested that the water supply was the more probable source.

At the city board of health no comment was forthcoming today on Dr. Hurty's latest theory. Common opinion blamed the water supply at the time and the water company advised that all boil the water.

Later the company in a public statement declared the water not at fault.

A peculiar feature was that the epidemic of colicky gastro-intestinal trouble was confined to the north side. This tended to substantiate the water company's claim and puzzle the scientists.

Test by Test, Fair Promise 5c Cigar

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffing, mucous discharges or dryness; no struggling for breath at night. Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

Gums shrinking? Danger ahead!

Go now to a mirror and examine your mouth? Do your gums look "rinsed out," shrunken? Do you see a jagged appearance in the gum-line?

If so, see your dentist. He will tell you that you have pyorrhea, and that to save your teeth you will have to fight this dread disease at once.

From pyorrhea come by far the greater part of all tooth troubles. Unless treated and checked, it will result not only in the shrinking and malformation of your gums and of the bony structure into which your teeth are set, but in the loss of the teeth themselves.

A specific for pyorrhea has been discovered recently by dental science, and is now offered for daily treatment in Senreco Tooth Paste. Senreco combats the germ of the disease. Its regular use insures your teeth against the attack or further progress of pyorrhea.

But Senreco does more. It cleanses the teeth delightfully. It gives them a whiteness distinctive of Senreco alone. Its flavor is entirely pleasing, and it leaves in the mouth a wonderful sense of coolness and wholesomeness.

Start the Senreco treatment before pyorrhea grips you for good. Details in folder with every tube. A two-ounce tube for 25c is sufficient for 6 weeks' daily treatment. Get Senreco of your druggist today, or send 4c in stamps or coin for sample tube and folder. Address The Senreco Remedies Company, 503 Union Central Building, Cincinnati, Ohio.

Your Successful Neighbors

Many of your neighbors have prospered and seem to have funds of their own and to command more when they need them in carrying out their plans. How do they manage it?

Undoubtedly, in practically every case, their banking relations have been a large factor in their comfortable circumstances. The man who uses his bank as the bank wants him to use it, has a powerful ally working with him.

The Rush County National Bank especially desires to place its facilities at the disposal of serious minded people of modest resources, with a view to aiding in their financial growth.

NEW WAGE SCALE TO BE DEMANDED

Most Important Committee at United Mine Workers Convention is Appointed Today.

BIENNIAL REPORT IS MADE

International Secretary-Treasurer Denounces Administration For Preparedness Plans.

(By United Press.)

Indianapolis, Ind., Jan. 19.—The first step of the United Mine Workers of America in formulation of the new wage scale demands on the operators was taken today when President John P. White appointed the wage scale committee, consisting of one representative from each of the districts. Howard Stewart will represent No. 11, the Indiana district.

This, it was agreed, is the most important committee of the convention. When the auditor's report was read today an item of \$13,876.45 for shoes for the Ohio miners during their strike attracted some attention. Under it appeared a contribution of \$2,000 to the industrial relations committee.

Forsaking the routine affairs of the United Mine Workers of America, William Green in his biennial report today as international secretary-treasurer denounced the Washington administration's preparedness program as "not in accordance with a democratic form of government nor the peaceful ideals of the American people."

Green had been reading his review of the past two years as they concerned the organized miners. His audience was composed of the 1,600 delegates to the biennial convention. His remarks concerning the war in Europe and the administration's program caused surprise, as it has not been customary for the secretary-treasurer to deal with matters foreign to the miners' organization.

"Thoughtful members of the organized labor movement in America view with deep concern the agitation in our country for the adoption by congress of a so-called preparedness program," said Green. "It would seem that those who favor a large standing army and navy have taken advantage of the present situation to create a sentiment in favor of the expenditure of the government of large sums of money for military and naval purposes."

Green's statement was believed to forecast one of the important nations to be taken by the convention during the two weeks or longer it will be in session. "In view of the seriousness of the situation," he said, "it is important that our great organization, the largest labor organization in America, should make its position known. Our membership is opposed to war—so, though this convention, let their sentiments be expressed to the president of the United States and the congress as well, that we are opposed to war and that we request that nothing be left undone in the government's efforts to maintain peace and strict neutrality."

Green denounced the preparedness
